## TWO POWDER MILLS FAR APART BLOWN UP

Acton Explosion Shocked Lowell  
—Fire in Munition Factory—Attempt to Wreck Munition Train

ACTON, Aug. 20.—With a roar that was heard for 40 miles, the big glue or finishing mill of the American Powder Co. blew up at 2:40 o'clock yesterday morning, destroying 14 tons of ammunition.

The force of the explosion shook the towns of Acton, Roxbury, Maynard and Concord for fully 10 seconds. In Lowell and other cities the shock was felt quite distinctly.

People, awakened by the roar and trembling of buildings, jumped from their beds in terror. Thousands of windows were shattered, and innumerable pieces of china were rattled off pantry shelves. In Main and Nason streets, Maynard, the destruction of windows could not have been more complete had an earthquake shook the town. During the day thousands of persons came from surrounding towns to see the damage.

At first it was believed that sym-

thizers with the cause of the German allies destroyed the mill for the purpose of crippling one of the largest ammunition plants in the country. The police worked along this line, and sent out calls to trace a mysterious automobile that was seen 10 minutes after the explosion, speeding in the direction of Stow. During the forenoon, a man found in the vicinity of the powder works was taken to the police station and questioned. He said his name was Rehland, and that he came from Dorchester. He told a straightforward story of tramping along the road, looking for work, and the police did not detain him.

Stories of Plots

The activity of the police gave rise to several sensational rumors, and stories of mysterious strangers and

## BELIEVE GERMAN SEEKING TO PAVE WAY FOR PEACE

Washington Officials See Peace Trend in New Stand Taken by Imperial Government—Plan to Win Sympathy of the Neutrals—May Seek President Wilson as Mediator

WASHINGTON, Aug. 30.—Some officials in Washington think they can see in Germany's change of policy toward the submarine issue a larger purpose than the mere maintenance of friendly relations with this government. They believe that Germany, if not actually seeking to pave the way for peace negotiations, is at least preparing herself for the day when such negotiations will be begun.

As viewed by these officials, and in diplomatic circles here, Germany is moving to rehabilitate herself in the eyes of neutrals, so that when a movement for peace is actually undertaken she may be assured for a larger measure of sympathy and support from neutral powers than would be accorded to her now.

The view that Germany is looking forward to possible peace developments from a settlement of the submarine issue is not mere surmise or speculation. It has a very substantial foundation in suggestions that have repeatedly been thrown out by German representatives in this country. Ever since the submarine issue be-

came acute they have urged informally upon Washington officials the great opportunity for a step in the direction of peace if the United States could only successfully mediate the submarine and blockade differences between Germany and Great Britain. It has been their contention that such an important step would probably prove to be only a beginning and that the way would then be open for the United States to use its good offices in promoting a still broader understanding, which eventually might result in peace.

Since the Arabic incident and the more conciliatory attitude of the German government toward the United States, talk along this line has been revived in German quarters here. Again the possibility of the president serving as a leader in the movement for peace is being held out.

Peace Possibility Stronger

Entirely aside from the German suggestions officials here acknowledge that if the submarine issue is satisfactorily disposed of President Wilson will be much more available as a possible peace mediator than would other-

wise have been the case. So long as strained relations existed between this government and Germany the door was practically closed to President Wilson attempting to play the important role of peacemaker in the European struggle.

Not only will a settlement of the submarine controversy in the opinion of Washington officials make the president more available from the German viewpoint, but it will also afford him an opportunity to demonstrate to the world the absolutely impartial stand of the United States as a neutral.

There is no doubt here now that President Wilson is eagerly awaiting the opportunity to assert the rights of the United States against British violations of international law as firmly as he did against Germany. It can be said that he will move in this direction as soon as the submarine issue has been disposed of, and if he can bring Great Britain to make concessions, as Germany now seems disposed to make them, it is acknowledged here that he will be in the strongest possible position to offer his services as a mediator in the great war.

## FOR PEACE IN MEXICO

Peace Convention Will be Held in Neutral Territory in Mexico to Set Up Government

WASHINGTON, Aug. 30.—Villa and Zapata agents here said today that a peace convention would be held in neutral territory in Mexico to set up a provisional government. Independent Mexicans as yet unaffiliated with any of the factions would take part, they said, and it was possible that the Pan-American conference would be asked to arrange the details. The delay in receiving Gen. Carranza's reply to the Pan-American peace appeal has raised hopes that influences are at work to induce him to participate. The Villa and Zapata adherents, however, announce their intention of proceeding without Carranza if necessary.

German troops in northeastern Mexico were reported today being concentrated to defend Monterey against the attack of the Villa army.

## LIPSK TAKEN BY STORM

Grodno, Last of Great Fortresses in Poland Held by Russians, Now Objective of Teuton Drive

Grodno, last of the great fortresses in Poland, held by the Russians, now seems to be the objective of a German drive. Berlin today reports the capture by storm of the town of Lipsk, about 20 miles to the west of the fortress, the Russians being compelled to surrender.

1600 Russians Captured  
General von Eichhorn has defeated the Russians in a battle east of the Niemen, northeast of the fortress of Orla, recently taken by the Germans, capturing 1600 prisoners and seven cannon, the German official statement announces.

Victory for von Mackensen  
The defeat by Field Marshal von

Mackensen's troops of Russian forces which made a stand south of Kohorn, while retreating in the marshy districts east of Brest-Litovsk is reported.

German Trenches Damaged  
German trenches at several points in the Argonne region were seriously damaged late on Sunday by the explosion of mines and the pounding of the French artillery, according to today's official report from Paris.

British Steamer Sunk  
The sinking of the British steamer Sir William Stephenson of Newcastle, a 1500-ton vessel, presumably after having been torpedoed by a German submarine, is reported from London.

## CONCESSIONS BY BRITISH

WASHINGTON, Aug. 30.—Concessions in the enforcement against American commerce of the British order-in-council were announced today as a result of informal negotiations just completed by the foreign trade advisers of the state department.

The British ambassador, Sir Cecil Spring-Rice, assured the trade advisers that their informal representations had caused where the British orders have been termed "undue hardship" to American commerce will receive special consideration.

The ambassador called at the state department to explain the extent of the British concessions which are especially intended to meet the growing complaint of American importers that the Christmas trade is threatened by failure to obtain goods made in Germany and Austria for which they had contracted.

Generally speaking, it is the intention of the British government to permit the passage through the blockade lines of goods for which the American importers have entered into contract with German and Austrian firms. Heretofore it has been required that the money shall have actually been paid for the goods. Now it will be sufficient to show that they were regularly contracted for and that the American importer is really the person responsible for them and that title rests with him. Goods valued at many millions of dollars have accumulated at Rotterdam and await transportation to the United States. The order applies to these, but whether it will extend to goods yet in German factories but under contract for delivery on this side of the Atlantic is yet undetermined.

## EXPLOSION HEARD HERE

WATCHMAN AT SOUTH LOWELL SAW LIGHT BEFORE HE HEARD THE SHOCK

The sound of the Acton explosion on Sunday morning caused considerable excitement in this city. Some people thought it was another South Lowell explosion but this idea was soon dissipated by the assurance that it was a considerable distance away. Anyhow there is nothing at South Lowell to cause a big explosion.

The force was not so great but the sound was very much louder than the South Lowell explosion of 1902. An amusing thing about the case was that watchmen at the Lawrence street plant of the U. S. Cartridge company thought the explosion was at the South Lowell plant. The watchmen at the latter place knew that it was at Acton. Mr. Tom Lynch, watchman at South Lowell, said he saw the light rise in the air at Acton quite a little before he heard the sound of the explosion. That is explained by the fact that at the ordinary rate at which sound travels it would require some seconds to pass from Acton to Lowell. There was no glass broken in this city but some houses were felt to shake and the dishes were rattled in the pantries.

## FELL FROM STAGING

MAN VERY SERIOUSLY INJURED AT APPLETON STREET BUILDING

Emile Choudard, of 840 Moody street, is in a critical condition at St. John's hospital as a result of falling from the staging of a building in the process of construction at the corner of Appleton and Revere streets shortly after noon today. It was stated he is suffering from fracture of ribs, a right side and possible internal injuries.

Choudard has been employed for the past month as a laborer by the New England Construction company and today he was working on erecting the third flight when in some manner he fell to the ground. He was picked up in an unconscious condition. Dr. Matthew Mahoney who was summoned, realizing the seriousness of the young man's condition, took him to his machine and rushed him to St. John's hospital where his name was immediately placed on the dangerous list.

## MUNICIPAL COUNCIL TO HOLD SPECIAL MEETING

Department Work Being Pushed by Commissioners—School Board Meeting—Playgrounds

It is probable that a special meeting of the municipal council will be held Thursday morning as some of the commissioners have important matters which deserve the immediate attention of the council and Mayor Murphy upon his return to Lowell, Wednesday, will be asked to call the special meeting.

Commissioner Putnam stated this morning that the city solicitor is preparing the various contracts for the Memorial building to be ready Wednesday. The commissioner is anxious to get the reconstruction work started as soon as possible and accordingly he advocates a special meeting in order to award the contracts.

On the other hand Commissioner Carmichael is also desirous of having the contract for the steam piping at the filtration plant granted as soon as possible and this matter will also be brought to the attention of the council. The bids for the work were opened this forenoon.

Commissioner Duncan is getting his list of precinct officers ready and he is desirous of having it confirmed this week. It is also understood that Commissioner Morse has four matters which he is awaiting the attention of the council.

### Private Meetings

It was stated at city hall this morning that the cemetery trustees are holding private meetings, that is, they never inform anyone of their meetings and accordingly the public is not getting the least information concerning their actions.

The city solicitor when seen by a Sun reporter this morning said that all meetings of commissions, according to the charter are to be public and he gave out the following statement: "The spirit of the organic law that governs this city presupposes that all meetings of the government as well as all meetings of commissions created by it shall be public meetings. The only public meeting of the cemetery trustees was the first one, held since that time no one but the members of the cemetery commission has been aware of a meeting of the commission."

### School Board

A regular meeting of the members of the school board will be held tomorrow evening at 8 o'clock and it is probable that a principal will be selected for the girls' department of the vocational school to succeed the former principal, Miss Alice Gookin, who recently got married.

### Bids Opened

At 11 o'clock this morning the bids for the steam piping of the turbine engine at the boulevard pumping station, which is to be connected with the filtration plant, were opened. The contract will be awarded at the next meeting of the municipal council. The bids were opened at the office of the water department and were as follows: Hain & Drury, \$635; Welch Bros., \$625; E. T. Shaw Co., \$655; Farrell & Condon, \$662; Barker Mfg. Co., \$508, and Carroll Bros., \$610. As can be seen the Barker Mfg. Co. is the lowest bidder.

At city hall today there was no talk of the hospital site which the municipal council will act upon. The high school site also awaits final action and the property owners in the land selected are said to be in a quandary.

### Playgrounds

The playgrounds committee of the park department, Messrs. Weed, McKim and Greene, will meet with Miss Katherine Tobin and Patrick Reynolds, supervisors of playgrounds, this evening at the office of the department for the purpose of formulating a program of the games to be played at the closing of the playgrounds Thursday. The playgrounds exhibit in Central street and Harrington building morning to close Thursday evening. All interested in playgrounds are cordially invited to take in the exhibit and see for themselves what is being done by the children. The exhibit, according to the superintendent of the department will be well worth seeing.

### Riverside Park

The small tract of land which is located opposite the Riverside school in South Lowell, and which was turned over from the street department to the park department recently, has been converted into a beautiful park. The land was graded with the heavy machinery. As soon as the weather is favorable small white pines will be planted. The cost of the work will amount to about \$200.

### Street Department

Work on block paving Merrimack street from Cabot to Fawcett is progressing and providing the weather does not interfere it will be but a short time before the south side of the street is completed. At the present time the portion between Cabot and Decatur streets is finished and the men are hurrying along up the hill. The street is being dug out preparatory to block paving from Gorman to Linden streets, while the edgelines between Linden and Central streets are being straightened out.

The Bay State Street Railway Co. is getting ready to lay its special work at the junction of Rogers and Nesmith streets. All the steel for the job has arrived. As soon as the railway company gets busy, the street department will follow with crushed stone. The Turner street sewer is completed and the men are now repairing the drains that were disturbed by the excavation for the sewer. The back fill-

ings are not yet completed for the workmen are waiting until the cement piers for the coal pocket of the railroad have been set in.

### Band Concert

A municipal band concert will be given on the South common Wednesday evening at 8 o'clock, weather permitting, by the Military band, William Regan, leader.

### Will Build Garage

Harry J. Duncan has been granted a permit for the erection of a garage at 22 Putnam avenue. The building will have a cement foundation and will be 12 by 20 feet and will cost about \$225.

### Granulite Sidewalks

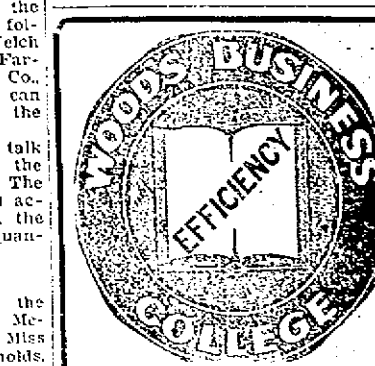

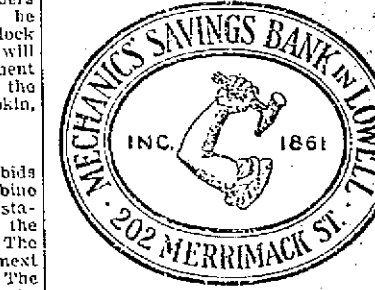

Engineer Kearney informed the writer this morning that he has made arrangements so as not to have any sidewalks blocked for labor day. He said the men who are laying the granite little sidewalks in Merrimack street will arrange so as not to lay any cement that will not have time to dry up for labor day. In some places a temporary elender walk will be laid for the day. This is so as not to interfere with the labor parade on that day.

## SEND COPS TO COLLEGE DETAINED BY BRITISH

POLICEMEN OF BERKELEY, CAL., REQUESTED TO ATTEND UNIVERSITY

BERKELEY, Calif., Aug. 30.—Police of Berkeley are requested to attend the University of California, it was announced today.

This, it is believed, is the first time any city in the world has made preparations to have a "college bred" police department. The course of study in the relation of mental disease to criminology.

Theory is that the policemen will be enabled to "size up" a man arrested for a crime and ascertain just what other crimes he might have committed.

## STRIKES IN 13 PLANTS

MANY WORKERS RETURN TO THEIR ACCUSTOMED TASKS AT BRIDGEPORT TODAY

BRIDGEPORT, Conn., Aug. 30.—Many hundreds of factory workers who had been on strike recently, returned to their accustomed tasks today, their differences with employers over hours and compensation having been adjusted. In nearly every instance the workers have entered upon the eight-hour schedule without a reduction in wage. The largest single delegation of returning employees was that of upwards of 800 girls at the Crown and the George C. Batcheller Corset companies.

At a meeting of employees of the Salt's Textile Co., where 1500 are out and the plant is closed for two weeks, announcement was made that work for 150 weavers and slushers can be obtained elsewhere. No one signified a willingness to leave the city. The strikers are confident of securing a shorter work day and some changes in the shop system.

A conference will open here today to discuss the question of ordering a general strike against the Remington Arms and Ammunition Co. because of alleged discrimination against men in one trade and discharging of four men situation will be handled by T. M. Daily, national president of the Metal Polishers, Buffers, Platers, Brass and Silver Workers of North America, assisted by two vice presidents of the union. The conference will include W. H. Johnston, national president of the machinists; John Hines, national president of the Sheet Metal Workers' union; and a dozen officers of other unions, who have been active here during the past two months.

While the conference will deal specifically with the alleged grievances at the Remington plant, those in it will plan the campaign to be opened by New Haven this week and Waterbury and Hartford a little later in which the eight hour work day will be the chief demand.

The number of plants at which there are strikes today number thirteen.

## SINKING OF NORWEGIAN STEAMER

NEW YORK, Aug. 29.—Details of the torpedoing of the Norwegian steamer Kronprins Olav, which cable despatches on July 30 announced had been sent to the bottom by a German submarine were brought here yesterday by the Norwegian bark Glance which arrived from Aalborg, Denmark. Capt. Birkeland of the Glance, who witnessed the destruction of the boat and by orders of the submarine commander, cared for the Kronprins Olav's crew until he sighted the Swedish steamer Orlando, eastbound, to which he transferred them.

Capt. Birkeland declared that at the time the Kronprins Olav was overtaken by the submarine on July 28 off Shetland Islands, she was under command of a British prize crew, which was taking her into Kirkwall. After she was sunk, the submarine towed the small boats containing members of the crew to the Glance. They numbered 43 men, including six members of the British prize crew.

The Kronprins Olav left New York on July 13 last, bound for Bergen, Christiania and other Scandinavian ports. She was a vessel of 2730 tons net. The nature of her cargo was not given.

## RESERVE SCOUT FLEET

CHICAGO MAYOR HAS PLAN TO ORGANIZE POWER BOATS ON GREAT LAKES

CHICAGO, Aug. 30.—Mayor William Hale Thompson and Commodore James A. Pugh of the Chicago Yacht club will soon leave for Washington to lay before the federal government a plan to organize the power boats on the Great Lakes and elsewhere into a reserve scout fleet for volunteer war service at the call of the nation.

The plan contemplates that officers and crews estimated to total 300,000 men are to be trained in the use of rapid fire guns, torpedo tubes and wireless and other equipment. A government submarine will be asked for Chicago waters for practice with the local fleet of 200 power boats.

REV. MR. BARTLETT'S SERMON  
"False Antipathies" was the subject discussed by Rev. W. A. Bartlett, D. D., at the morning service at the First Baptist church yesterday. He said in part:

"Naaman, captain of the host of the king of Syria, was a great man with his master, and honorable before him. Jehovah gave him a victory over Syria. He was also a mighty man of valor. But he was a leper."

"How many instances we know of where some one who is honorable and mighty in valor but yet has some disability or weakness?"  
Rev. Mr. Bartlett also preached to a large congregation at the evening service.

## CATHOLIC CHURCH NOTES

CONFIRMATION WILL BE ADMINISTERED AT ST. MICHAEL'S CHURCH ON SEPT. 20

Next Friday will be the first Friday of the month and accordingly special services will be held in all the local Catholic churches. On Thursday afternoon and evening confessions will be heard and on Friday morning communion will be given the faithful. At St. Margaret's church there will be but one mass and this will be at 7:30 o'clock. At the other churches masses will be celebrated at 8 o'clock for the mill people, while other services will be held at later hours.

The members of the Ladies' sodality of St. Margaret's church will receive communion in a body at the 1:30 o'clock mass next Sunday morning. Rev. John J. Shaw, pastor of St. Michael's church, announced at all the masses yesterday that confirmation will be held at the church on Monday afternoon, Sept. 20. The exercises will be held at 3 o'clock and the officiating clergyman will be Rt. Rev. Bishop Joseph C. Anderson, D. D., of Boston. The celebrant of the parish mass at St. Joseph's church yesterday was Rev. Rosario Jabert, O. M. I., while the sermon was delivered by Rev. Armand Baron, O. M. I., who in the course of his remarks urged the parents to send their children to the parochial schools. The harmonized mass of the sixth tone was sung by the choir and at the offertory Miss Augustine Perron rendered an "O Salutaris."

The lawn fete at St. Anthony's church closed Saturday night and was reported quite successful.

## MRS. FRANK TO SPEAK

TO ATTEND PROTEST MEETING IN BOSTON TOMORROW EVENING—PROHIBIT JEWELRY BEHIND IT

BOSTON, Aug. 30.—A protest meeting against the hanging of Leo Frank by a Georgia mob, will be held at Parnell hall tomorrow night, when many prominent Bostonians will speak. Frank's wife will be present, and will make a brief address. And here just been received in Boston that Mrs. Frank will come here for the meeting. It is the first time that she has appeared publicly since the burial of her husband in New York.

Mayor Curley has sent the committee word that the group, as has Congressman Gallivan and the Hon. William Murray. As a French, the well-known Boston lawyer, will preside.

This is the first meeting that has taken up the death of the Georgia manufacturer in Boston and it is expected that it will be stormy. At first Mrs. Frank did not wish to come to Boston on account of the recent death of her husband, but the committee waited on her, and finally received her assent.

Many of the prominent Hebrews of Boston are behind the movement to show the sentiment of the Massachusetts people in regard to mob law as interpreted by the mob that lynched Frank, and wish to have the matter settled as far as Boston is concerned. Rabbi M. J. Heller of the Union Park Synagogue is to open the meeting, and is also scheduled to speak from the side of the argument as seen by him. He will follow Mayor Curley on the platform.

## BIG PARADE OF HORSES

LOWELL DRIVING CLUB FURNISHED

AN ENJOYABLE NOVELTY FOR THE PUBLIC SATURDAY NIGHT

A novelty in the street parade line was that furnished by the members of the Lowell Driving club, Saturday night, when a parade of Lovells' fast and fancy horses to the number of about 50 was held headed by the Sixth Regiment band. The paraders made a fine appearance and demonstrated the fact that the driver hasn't done away with all good horseflesh as yet. The parade was witnessed by an immense throng and much favorable comment was heard along the route.

The route of the parade was through the streets illuminated by the white way lights and took place shortly after eight o'clock. Few people realized that there were so many steps with records in time, and all greatly enjoyed a good look at them as they passed in review. The horses seemed to enter into the spirit of the occasion by appearing at their best and neither the crowd nor the band disturbed them in the least.

A. G. Titus' pacer, Johnnie Brown, headed the parade, and all of the horses mentioned in Saturday's Sun were in line. Some were driven by ladies, and some were hitched in racing gigs, while others were in front pleasure driving harnesses. A team of three, driven by a young man, attracted considerable attention.

Richard F. Murphy, who was quite seriously injured at one of the meetings of the driving club, was in line in a racing gig, behind a fast one, entirely recovered from the effects of the accident.

"Pick" Greenhalze, son of the late Governor Greenhalze and one of Lovell's most enthusiastic horsemen was in line, having as company Bill Davenport, one of Dr. Sparks' horse experts. Johnnie McAnespie gave a classic aspect to the parade by appearing with his stately black gelding "Cassius."

True to his name, "Cassius" is too dignified to go fast, but he sets the pace. Just the same, and Johnnie wouldn't even him for the best Ford that ever bumped a telegraph pole.

The Driving club is making elaborate plans for the opening of its new trotting park at Golden Cove, which event will take place on Labor day. The club deserves public support.

## HILLSIDE CHURCH OUTING

The members of the Sunday school department of the Hillside church of Pleasant held their annual outing at Mountain Brook Saturday, and the event proved one of the most successful in the history of the organization. The attendance was large and all spent a most enjoyable day. The party went to the resort in a special electric car from the corner of Lakeview avenue and Pleasant street. Upon arriving at the grounds a baseball game was organized, between two strong teams, while numerous other sporting events were carried out in a very satisfactory manner. At noon dinner was enjoyed and the afternoon was devoted to field events.

## SCARCITY OF DYESTUFFS

SHORTAGE WILL BE INVESTIGATED BY THOMAS H. NORTH, COMMERCIAL AGENT

NEW YORK, Aug. 30.—The shortage of dyestuffs in this country, resulting from the blockade on the exportation of the German product will be investigated here this week by Thomas H. North, the commercial agent appointed by Dr. E. E. Pratt, chief of the bureau of foreign and domestic commerce.

Loading manufacturers in lines affected by the scarcity of dyestuffs will testify. The results of the investigation will be embodied in a report made to Secretary Redfield of the department of commerce.

## TO GET ARMY OFFICERS

SEC. GARRISON DIRECTS WAR COLLEGE TO SUBMIT PLANS FOR SECURING ADDITIONAL MEN

WASHINGTON, Aug. 30.—Secretary Garrison has directed the war college to submit plans for securing additional regular army officers and a corps of reserve officers both for the regular army and for a volunteer army or other force which congress may authorize.

This step was taken with a view of recommendations to congress in its coming session.

Join Naval Reserve

To date 101 former enlisted men have joined the naval reserve established by act of congress approved March 3, 1915. Suggestions are being considered as to an amendment of the law so as to stimulate enlistment in the reserve. While the enlistment has not been large during the few months in which the law has been in operation, those in the naval reserve outnumber those in the army reserve.

## DENTAL CONGRESS

SAN FRANCISCO, Aug. 30.—Dentists from every state in the Union and from 26 foreign countries are here today to attend the opening of the Panama-Pacific dental congress which is to continue until Sept. 9. It was expected that approximately 5500 will be in attendance.

During the congress 175 papers are to be read and operations for malformations on the mouth and lips are to be performed by some of the foremost mouth surgeons of the world.

## MILITIA GUARD JAIL

TO PREVENT CARRYING OUT THREATS OF LYNCHING MADE AGAINST DEBERRY

MURPHYSBORO, Ill., Aug. 30.—To prevent the carrying out of threats of lynching made against Joe Deberry, a negro charged with the murder of Mrs. James Martin, three companies of militia stood guard around the jail and court house here today, the day set for the opening of Deberry's trial. A mob of several hundred persons who surrounded the jail at Harrisburg, Ill., last night intent on lynching the negro, was told off when officials arranged for the prisoner out of the jail and hurried him here in an automobile under escort of state troops.

Deberry is alleged to have confessed to the murder of Mrs. Martin, the wife of an attorney, in whose home he was a servant. Feeling against the alleged murderer was intensified when, several weeks later, Mr. Martin died of an illness induced by the shock of his wife's death.

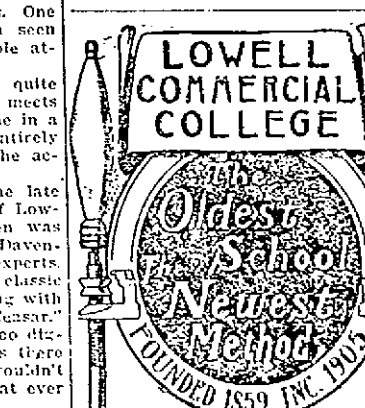

## CRUSHED UNDER AUTO

John E. Allen, of Westford, Vt., Killed and His Companion Injured—Car Overturned

WESTFORD, Vt., Aug. 30.—John E. Allen, 49 years of age, of this town, who died as a result of injuries sustained when he was struck by an automobile, was injured, in which they were riding veered from the road and overturned into a ditch here yesterday. Allen was crushed under the body of the car.

## JAPANESE CRUISER DISABLED

SAN FRANCISCO, Aug. 30.—The disabled Japanese cruiser Asama which went ashore near Turtle Bay, Lower California, early in February, is expected to arrive here today. The Asama is being conveyed by the Japanese naval repair ship Kwanto Maru which will be permitted to take on coal enough to carry her to the nearest home port. The cause of the Asama's grounding has not been made known. Her hull was damaged and months were required to raise the vessel and repair the damage.

DANCES AFTER LONG SWIM AUTO DASHED INTO POLE

CECILE VILANDRE SWAM SIX MILES AND THEN DID THE TAN-

GO

WORCESTER, Aug. 30.—Cecile Vilandre, 14, daughter of Charles Vilandre of Lake Avenue yesterday swam the length of Lake Quinsigamond, a distance of between five and six miles. She weighs 114 pounds.

She entered the water at the South End of the lake near Sunderland road at 1:23 and swam continually until she reached the Lincoln street bridge at 3:35, apparently as fresh as when she started. On leaving the water she danced a tango on the bridge.

The swim was witnessed by a large crowd despite the cold rainy weather. Her parents and Mr. and Mrs. Charles Landrum and Mr. and Mrs. Orr Scribner accompanied the girl in boats.

MRS. ELIZABETH GORDON OF NEWTON ALMOST INSTANTLY KILLED—TWO MEN INJURED

NANTASKET, Aug. 30.—An automobile containing four people crashed into a telegraph pole on the Hingham road early today and Mrs. Elizabeth Gordon of Newton, aged 40 years, was almost instantly killed.

Charles H. Davis, owner of the car, and Thomas Fitch, both of Boston, were so badly injured that they were removed to a hospital. Eugene F. Rickson, the chauffeur, was arrested charged with manslaughter and operating an automobile while under the influence of liquor.

SWEDISH STEAMER RELEASED

LONDON, Friday, Aug. 27.—(Delayed by censor)—The Swedish steamer Solle, from Baltimore for Melmo, Sweden, has been released. The Swedish steamer Ancla from Baltimore for Kalmar, Sweden, has been detained.

This is the first report received here that the Solle had been held up by the British authorities. The steamer left Baltimore July 26 and arrived at Kirkwall on Aug. 11. The Ancla left Baltimore August 13.

STOCK YARDS IN BRIGHTON WERE OPENED TODAY—QUARANTINE LIFTED

BOSTON, Aug. 30.—The big stock yards in Brighton, closed to cattle from outside the state for nearly a year owing to the prevalence of the foot and mouth disease, were opened today for the receipt and sale of milk cows and other cattle from Maine, Vermont, New Hampshire as well as Massachusetts. The reopening of the Brighton yards is upon federal order. It is understood here federal restrictions of the quarantine go into effect today, in other states including Illinois, Indiana, Michigan, Minnesota and Pennsylvania.

STRUCK BY TRAIN

Mrs. John Skerritt was struck by a west bound passenger train at the Ayer station, while walking on the track near St. Mary's church. The train was stopped and Mrs. Skerritt was taken into the station and taken to her home in a carriage. Dr. L. D. Sullivan, who attended her, found that her left arm was broken between the shoulder and elbow and that she was badly shaken up. It was a very narrow escape from a fatality. Mrs. Skerritt is reported as comfortable today.

IN THE POLICE LEAGUE

**BOSTON COPPERS ARE CONFIDENT OF LEAGUE CHAMPIONSHIP THIS SEASON**

Boston, Aug. 30.—The last home game of the Boston team of the Police League will be played tomorrow morning at 11 o'clock at the Walden street grounds against Cambridge. The local guardians of the law have won 12 out of 13 games and because of the dropping out of the Lawrence team, have only two more to play. Indications surely point to Boston winning the championship. Lowell is next in the standing, but lost two games, which, on account of Boston's strength, practically puts it out of the running.

It is said that the New York team intends to challenge the winner of this league. The Boston squad is already making plans for the trip to Gotham.

DIAMOND DAZZLES

Double-header with Lynn here on Thursday.

We're on the home stretch and every day it raises the specter of a challenge for the first division for the games postponed this week will never be played off.

Lynn passes into third place and Worcester goes down a peg.

Lowell is three and a half games behind Worcester and four and a half behind Lynn. The still have a chance to get into the first division and we can do it!

When Fish refused to run out a muff third strike in Saturday's game, Manager Kiernan said: "Run them out—if you do that again I'll send you home." Fish gave him a look that was eloquently expressive and Jack had to smile himself. They're a trifle delinquent on salaries in Manchester.

Johnnie Reiger, the clever Manchester pitcher, viewed the game through the grandstand. Johnnie, who is a neighbor of Jack Burns, Lowell's former captain and second baseman in Alvin's time, states that Jack has given up the game and is prospectively engaged in the insurance business in New London, Conn. Jack has many friends in this city who will be pleased to learn that the world is using him well.

Tom McCarthy, the well known Red Sox scout, attended the games at Spaulding park, Saturday and while he didn't say much to the purpose of his visit, it is believed that he was looking over Paddy Green. Paddy gave him something to look at, for he pitched all of the first game and all of the second after pitching a nine-inning game the day before and he came across with a three-bagger in the eighth inning of the second game that spelled victory.

Frank Swayne was released on Saturday and at once proceeded to his home in Buffalo. Swayne was a willing worker and gentlemanly player and made many friends while in town.

GRAND CIRCUIT MEETING

YONKERS, N. Y., Aug. 30.—Two hundred of the fastest trotters and pacers in the country have arrived at Empire City park for the grand circuit meeting which opens Tuesday. It is estimated that horses worth close to \$1,000,000 are now on the grounds. Many of them came through by special train from Montreal and many more are recruits from the half-mile tracks. The stables of E. F. Geers, W. J. Andrews, Walter Cox, Thomas W. Murphy, Alonzo McDonald, W. L. Snow, W. H. McCarthy, A. S. Rodney, Nicholas Grady and Andrew McDowell are among those at the track.

Laurel, 2:03 1/4, unbeaten as yet this season, and Peter Scott, 2:05 1/4, winner of five straight races, arrived for the \$5,000 stake race for 2:05 trotters in which they are to meet on Tuesday. The famous pacer Dictum I, that is to start next week, also came through in fine fettle.

U. S. BUNTING CLUB RACE

**THE CHIEF TOPIC OF INTEREST AND CONVERSATION AMONG SPORTING CIRCLES IN LOWELL TODAY IS THE TEN-MILE RACE BETWEEN EDUARD FABRE, THE FRENCH-CANADIAN CHAMPION MARATHON RUNNER, AND WILLIAMS KERONIN, THE WONDERFUL FIVE-MILE RUNNER AND CHAMPION OF AMERICA AT THAT DISTANCE, WHICH IS SCHEDULED TO TAKE PLACE AT BUNTING PARK ON LABOR DAY.**

Considerable money is being placed on both men and both runners have a large following in this city. Their performances on the Bunting track have been the subject of much debate the last few days. The friends of Kerolin point out that for 15 miles their favorite ted Duffy and Fabre in the Boston marathon two years ago; and as Kerolin never posed as a marathon runner he is at his best at five or ten miles.

MOTOR BOAT PAGEANT

**BEAUTIFUL ILLUMINATIONS IN FLOTILLA OF MOTOR BOATS SAT. EVENING**

Over 700 people gathered along the banks of the Merrimack river and on the Pawtucket bridge Saturday evening and witnessed a most brilliant spectacle by the Lowell Motor Boat club in their second motor boat carnival of the season.

About 20 motor crafts with arlist decorations and illuminations took part in the event, and they made a very pretty picture. The decorations and lighting effects were varied and it was very evident that much time, trouble and expense has been incurred by some of the owners in preparation for the event.

KIMBALL SYSTEM WON

PADDY GREEN'S BIG DAY

**LOWELL'S BIG TWIRLER GAVE GREAT EXHIBITION IN BOTH GAMES**

With no less a critic than Tom McCarthy, scout for the Red Sox to look him over, Paddy Green, Lowell's giant pitcher after winning a nine-inning shut-out game on the day previous, pitched Saturday's first game. In the five innings he pitched, for there were none out in the fourth when he went in, he allowed but three hits and struck out eight men while he contributed a scratch single himself, allowing but one pass and hitting one runner. He was due for a victory but an unfortunate muff by Parker in the sixth led in two runs that lost the game. Then Paddy asked Manager Kiernan if he might pitch the second game and Kiernan, though surprised at the request, granted it and then Paddy proceeded to "win his own game."

It was agreed that the second game should be of seven innings and the half-frozen fans were also quite agreeable to the proposition. But the close of the seventh found the score a tie, 1 to 1, and an eighth inning was necessary to decide the game. In the short work of the game, at this point, and being the first up hit one of his celebrated three baggers almost out to the centre field fence and scored a moment later on a single by Moulton. In the second game he allowed seven hits but kept them scattered so that no runs were scored. Only three times did Manchester get to third base in the second game and each time an error helped them along a base and got them their one run. In two cases the runner was shut off at the plate. Paddy struck out six men in this contest and walked only one. It was surely a fine day's work for Paddy.

TOTH VISITS LOWELL

Chas. Toth, the I. Street Swimming Club expert who was a participant in the recent swimming contest from Nantasket beach to Provincetown, in which Henry Sullivan of this city, won the American championship for endurance and the world's championship for the longest continuous use of the breast stroke, called at The Sun office this morning to announce that he will swim Sullivan at any time for an distance in salt water.

ROW AMONG THE ALLIES

By an alleged departure from the laws of strict neutrality the young man who was umpiring behind the home plate in the game between the C. M. A. C. Cadets and the Lisbon team at Lincoln park Saturday, precipitated strained relations between the two teams and broke up what was going along as a fairly played and closely contested game.

MANCHESTER (First Game)

Three men left on bases. Moulton drew a base on balls, and went to second on Parker's sacrifice. Munn fanned. Moulton went to third on a wild throw. Barrows drew a base on balls. Dee singled, scoring Moulton. Barrows and Dee worked a double steal. Simpson drew a base on balls filling the bags. White got a scratch single which scored Barrows. Ahearn drew out to McGeehan. Manchester tied it up in the second. He hit to Dee and went out at first. Torphy got a single, hitting to Lohman.

LOWELL

Stimpie and Kilhullen and Fish scored  
singles hit to White, forcing Smith at  
second base.

In Lowell's half of the second Loh-  
man hit to McGeehan and went out at  
first. Moulton fled out to Kilhullen.  
Parker hit to the left field fence for  
a base hit. Munn fled out to  
Kilhullen who made a pretty running  
catch.

In the third Briggs hit to Lohman  
and went out. Fish got a base on  
balls. Snell went out on a foul fly to  
White. Torphy struck out.  
Lowell went out to charity, order to

Second Game

Only twice did the visitors threaten to score in the second. In the third inning, McGeehan got two bases on an error by Dee and went to third on Spikes' sacrifice. Briggs hit a hot grounder to Moulton but Allie by fast and accurate work got McGeehan at the plate. Again in the fourth, Torphy cracked a three-bagger to left, through the hands of the Bellows, of Fish's grounder after McGeehan had popped a fly to Green, thus making good their threat in this case. Smith then fanned. Fish attempted to score from second and Greenhalge nailed him at the plate. Lowell scored its first run in the seventh. Dee opened with a two-bagger and took third on Stimpson's error by Fish left him. The win in the eighth came as above-mentioned.

Barrows injured his leg in the first game and remained out during a part of the second, but went in as a pinch-hitter, relieving White. The score:

LOWELL (Second Game)

Lowell took the lead in this half, a double steal doing the business. Barrows got a base on balls. Dee hunted to Spiros who threw him to second and Dee got to first. Then Stimpson

STOP BOXING MATCHES

The P. & Q. South End had a new pit for Saturday, in their game at the South common against the Woodlins and Scotty was there with the goods. The South Ends winning by a score of 12 to 3. They want a game for next Saturday.

Over 1000 fans assembled at the Textile campus Saturday to see the two games between the C. M. A. C's and Diamond Springs of Lawrence and the Kimball System and the Dorchester-Oakleaves of that city. Both Lowell teams won. The Diamonds held the C. M. A. C's runless for three innings and then the local boys got the best of the local score was 15 to 7. The Kimball-Oakleaves some appears elsewhere.

The Westford A. defeated Townsend at Westford by the close score of 7 to 6 on Saturday. The interest in the game was such that the Grantsville team did not play in order that the members of the team and the Grantsville people might see this game.

The Dracut Braves defeated the Dracut Red Sox Saturday. The Braves' batteries for the Red Sox were Knight and Seacrest. Braves: Penfret and Hirschfeld.

## DEATHS

**HICKS**—William Hicks died Saturday at his home, 98 Middlesex street, aged 55 years. The body was taken to the rooms of Undertaker J. M. McDermott.

**ROHAN**—Mary F. Rohan died yesterday at her home, 65 Claire street, of a brief illness. Deceased was the daughter of Mrs. Ellen and the late Patrick Rohan. Besides her mother, she leaves two sisters, Catherine and Josephine, and one brother, Timothy F. Rohan.

**BYAM**—To the many friends of Miss Anne Elizabeth Byam, the news of her death, occurring at the Lowell General hospital yesterday, following an operation for an intestinal abscess, will come as a distinct shock and occasion feelings of the deepest regret and sympathy. She returned to Chelmsford from Lowell, where she was nursing her vacation, about two weeks ago, because of her condition. Failing to improve, an operation was decided upon, but from it she was unable to rally. Besides her mother, she is survived by a brother, Garland Byam of Chelmsford.

**McCord**—Mrs. Margaret McCord died suddenly Saturday at her home, 106 Billerica street, aged 51 years. She leaves her husband, James; five daughters, Mrs. Samuel McAlone and Mrs. Margaret, Matilda and Agnes McCord; three sons, James, Josiah and William; one brother, Jesse Doole, and two sisters, Mrs. Helen Ash and Mrs. D. L. Deceased was a member of the Lawrence street P. M. church.

**JAMES**—Mary E. James of Fall River died Saturday at the Lowell hospital, aged 19 years. Deceased was visiting relatives in this city when she was stricken with appendicitis and taken to the hospital for an operation. She leaves her father and mother, Mr. and Mrs. Charles James, and five sisters, Gertrude, Helen, Florence, Grace and Edna. The body was sent to Fall River yesterday by Undertaker George R. McKenna.

**ALLAN**—Matthew Allan, formerly of this city, died Saturday at the Rhode Island hospital, Providence, R. I., aged 52 years. He leaves his wife, Mrs. Margaret Allan; three sons, James D. Matthew C. and John L., and a sister and four brothers. Deceased was a past master of St. George's lodge, A. F. and A. M. of Warren, Maine.

**BAKER**—John A. Baker, died Saturday night at his home, 38 Gates street, aged 34 years and 11 months. He had been ill for two years, though his death was entirely unexpected. Mr. Baker was born in Pawtucket, R. I., and obtained his early education at Tilton, N. H. With the beginning of the war in 1891, he enlisted and subsequently was commissioned second lieutenant, receiving an honorable discharge, March 2, 1893, following a bullet wound in his shoulder. After being at Pawtucket, Mr. Baker participated in a number of engagements as a member of the Sixth Massachusetts Light Artillery, an organization which was disbanded at the close of the war. He was second lieutenant of this practically throughout his service. Following his discharge, he was with the 1st and 2nd regiments of the 1st Maine and two sons, Fred A. Baker and Frank E. Baker, together with a wide circle of friends, some of whom knew him as a comrade or more. He was a member of William North Lodge of Masons and the First Unitarian church.

**ALLISON**—Miss Mabel Allison, aged 23 years and 25 days, died last night at the Lowell hospital. The body was removed to the funeral parlors of Undertakers Amodeo Archambault & Sons and subsequently to the home of her sister, Mrs. Xavier Aubrey, 35 Allen avenue. Deceased is survived by her mother, Mrs. Dostine Gervais of this city; a sister, Mrs. Xavier Aubrey and a brother, William of Rumford Falls, Me.

**STICKNEY**—Mrs. Sarah J. Stickney died this morning at her home, 80 Eighteenth street, aged 74 years. She leaves besides her husband, Charles H. Stickney, two sons, Edwin L. of Malden and Asa of Braintree; one sister, Mrs. Ellen Bachelder of Waltham and three brothers, Charles and Edwin Burnham of Waltham and Pearl Atwood of Pelham. She was a member of Braintree Grange and Woman's Relief Corps, No. 22, G. A. R., of Lowell.

## TO BECOME A NOVITIATE

**JAMES R. McDOWELL, WELL KNOWN BOSTON LAWYER, BEGINS THE STUDY**

BOSTON, Aug. 30.—Attorney James R. McDowell of Boston and Danvers surprised not only his closest friends, but his immediate family yesterday, by announcing that he intended to leave this morning for Baltimore, to become a novitiate in the Passionist order, where the prescribed courses of study which lead to admission to the order and its world wide missionary work cover 18 years.

Attorney McDowell was secretary to Louis Frothingham in his campaign for lieutenant-governor and in various campaigns has earned a local reputation as a public speaker. He is the son of Mr. and Mrs. Bernard McDowell of Danvers. He graduated five years ago from the Salem Commercial school, became a stenographer in Boston and took up the study of law in the Y. M. C. A. night law school, graduating in three years with honors. He passed the bar examinations immediately after his graduation and then opened offices in Boston at 31 State street, and in Danvers. Because of this training he expects to complete his studies for the Passionists within seven years. He is a member and past grand knight of the Thomas F. Power council, Knights of Columbus, Danvers.

## GOES TO YONKERS, N. Y.

**JOHN F. WHITE TO TAKE MANAGEMENT OF MACKENZIE CO. CLOTHING STORE IN THAT CITY**

Mr. John F. White, the well known clothing manager who has been local manager for the P. and Q. clothing company, and who for 16 years was with Putnam & Son, will leave the city on Wednesday for Yonkers, N. Y., where he is to take the management of the Yonkers store of the Mackenzie company, which operates several large clothing stores. As a special inducement to secure Mr. White's services the Mackenzie company has given him an interest in the firm and the offer was too good to be turned down, hence his departure. Mr. White will remove his family to that city next month.

## INDUSTRIAL and STORE NEWS

The Loomfixers' union will meet tonight in the union quarters in the Runells building.

John King of the W. J. Barry Shoe Co. was the guest of William Berry at the latter's camp in Bowers avenue, Willow Dale, yesterday.

The shoe concerns of this city are short of cutters, and the employers are having a hard time to secure skilled help.

Fred Gills, a prominent shoe cutter of this city has accepted a good position out of town in one of the Knight Bros. factories.

When the powder mill in Acton exploded early yesterday morning many people thought it was the U. S. Cartridge Co., and they waited to hear the ringing of fire bells.

Arrangements are all completed for the banquet to be tendered the lady friends of the members of the Four of Clubs at Camp Temple next Sunday and Chairman Francis Gerety says it will be the best ever. Treasurer Geo. Boland, who was appointed to look after the catering, has submitted a very appetizing menu.

Frank Finnelly of the Saco-Lowell shops has returned after spending a few days in Claremont, N. H.

John T. Baxter of the Massachusetts mills will be one of the soloists in the coming minstrel show to be conducted by the Palmer club.

Manager Wally Lyons of the Saco-Lowell shops is still waiting to hear from the Lawrence Manufacturing Co. baseball aggregation. Manager Lyons claims that the Lawrence athletes have been ducking his South End team all season.

## Bakers' Open Meeting

An open meeting for the bakers of the city was conducted at the auspices of the labor forward committee, Lawrence, Lowell before leaving for the front. He was second lieutenant of this practically throughout his service. Following his discharge, he was with the 1st and 2nd regiments of the 1st Maine and two sons, Fred A. Baker and Frank E. Baker, together with a wide circle of friends, some of whom knew him as a comrade or more. He was a member of William North Lodge of Masons and the First Unitarian church.

## Greek Meeting

An open meeting for Greek workers was held in the Greek Orthodox temple yesterday afternoon under the auspices of the labor forward committee with a large attendance. Quite a large number of applications for membership were received and 20 new members were initiated. Plans were also made by the new organization for the Labor day celebration. The meeting was addressed by President Frank Warnock of the Trades and Labor council, Editor Thomas Nouras and others.

## No Order From China

In conversation with a Sun representative today, John K. Whittier, assistant superintendent of the local plant of the Saco-Lowell shops said there is absolutely no truth in the report that an order for 150,000 or any other number of spinning frames has been received from China. Asked if J. Fred Harvey of the selling department had secured any new business from Chinese concerns, Mr. Whittier said that Mr. Harvey has hardly had time to reach his destination. Business at the local shops is reported to be much better and the plant is being operated on full time. The foundry employees are working six full days a week.

## PLEA OF NOT GUILTY

**ARCHITECT ACCUSED OF ARSON WAS COMMITTED TO ASYLUM FOR OBSERVATION**

NEW BEDFORD, Aug. 30.—E. G. Bullard, the architect under arrest charged with having set seven fires here since last spring, was this morning committed to the Taunton insane asylum for observation. His case was continued in the criminal court until November 13. Through his attorney he entered a plea of not guilty.

## MAN FOUND STABBED

Lying on the sidewalk in French street with blood freely flowing from an ugly stab wound in his right arm just above the wrist, John Lavarosky of Lakeview avenue was found by passersby last evening. The ambulance was summoned and he was removed to St. John's hospital where 10 stitches were taken to close the wound. When questioned as to the cause of the injury, Lavarosky refused to answer and told the authorities he would bring about a settlement himself.

## Triangle

Four weeks ago I printed an advertisement headed WARNING.

In it I told of some of the plans of the Triangle Film Corporation and intimated that I expected large profits.

But I was so afraid that there might be exaggerations and overstatements by persons without authority to speak that I made very plain the fact that anything that promised so very much in profit necessarily entailed some risk of loss.

I said we had got together the greatest organization of moving picture producers the world had ever known, great actors and actresses, great executives and

GRIFFITH, Producer of "The Birth of a Nation."

INCE, Famous for the "Battle of Gettysburg."

SENNETT, Master Laughmaker of the World, Creator of Keystone Comedies.

But my belief that the theatre managers of this country would be willing to pay big weekly rentals for fine pictures was only belief. Now it is FACT.

THE BEST THEATRES have written, telegraphed, telephoned offers of weekly rentals equalling my estimates.

The ablest executives in the film business have joined us. For "Nothing Succeeds Like Success." Actors and actresses who have hitherto found the pictures below their dignity have come to us eagerly.

Those who appear in the first Triangle plays will give you a pretty good idea of the calibre of the rest.

RAYMOND HITCHCOCK

DOUGLAS FAIRBANKS

DUSTIN FARNUM

all in one evening's entertainment—think of it!

And then there will be Billie Burke, De Wolf Hopper, Joe Weber, Lew Fields and a host of others.

Four weeks ago "Triangle Film" was unknown to the New York stock market. It came out at par—\$5.00 per share. As I write it is selling there for \$6.50 or more a share.

I do not control the price.

Many big men are buying Triangle Film. I appreciate their interest and their support.

But the man I want is the ten-share man, and the man who owns fifty shares. For he is the man who most appreciates his monthly dividend check.

It is he who goes regularly to the theatre that shows Triangle Plays, and tells his friends to go.

I want you who read this advertisement to own stock enough to laugh the heartier at a Keystone Comedy because you are part owner of it.

Just ask a good stock broker or your banker to get some shares for you—while the market is low.

I am President of Triangle Film Corporation. I believe it will earn large profits. I believe that the Company's interest will best be served by having the largest possible number of stockholders. Hence this advertisement. It tells the truth as I see it, avoiding overstatement and avoiding equally understatement, for understatements may be as misleading and unfair as overstatements.

AS TO OCTOBER 18, 1915

Very soon after October 18th Triangle Plays will appear in the best theatre in Lowell.

The best players in all the world, working under the supervision of the world's greatest directors, must produce the best pictures.

And the best people will see them in the one best theatre in each locality.

# BLACK AND WHITE REFLECTED BY NEW YORK'S BABY ZEBRA

MOTHER AND BABY IN FASHIONABLE BLACK AND WHITE

NEW YORK, Aug. 30.—Black and white, in combination, retain their vogue in women's wear and will be popular for some time, and in the animal world the new black and white striped baby zebra in the Central park zoo is a favorite, especially with the youngsters. This little striped fellow, photographed with his mother, is one of the very few zebras of the world born in captivity. He made his appearance in the world of visitors and peanuts recently.

## CITY HALL NEWS

### Controversy Over Cost of Paving in Lowell and Other Cities

There is considerable controversy going on at the present time as to the cost of block paving in Lowell, Lawrence, Haverhill and Lynn, the claim being set up that the paving is being done cheaper in Haverhill than elsewhere. It is almost impossible, however, to make comparisons as blocks are bought differently, laid differently and are of different size in different cities. It is stated that the city of Haverhill buys paving blocks by the carload cheaper than Lawrence buys them by the million and that Haverhill also buys much cheaper than Lowell. In order to arrive at any fair settlement of the argument it would be necessary to mention something about the size of the blocks and the size, it appears, has not entered into it thus far.

Commissioner Morse believes that Lowell is buying blocks as cheap as any city in the country and that the

cost of laying them here will compare very favorably with the cost in any of the cities herein mentioned.

#### Tuberculosis Clinics

The tuberculosis clinics at city hall are not doing what could be termed a "rushing business." The clinics have been in operation for about two months and the limit at each clinic has been three or four patients. Those who attend once, it is stated, usually return for a second examination. The clinic, however, is yet only in its infancy and when it becomes better known it is felt there will be more ready response on the part of those who are sufferers.

#### Name Was Omitted

Referring to assistance given the park department in the matter of playgrounds this season, the name of Miss Bessie B. Hadley was inadvertently omitted. Miss Hadley has given freely to the children of the Aiken St. grounds. Miss Irene B. White will have charge of the folk-dancing of the children of the Paige street grounds, on the festa to be held on the South common grounds, next Thursday afternoon.

#### Will Attend Convention

Fire Chief Edw. F. Saunders left Sunday for Cincinnati, Ohio, where he will attend the annual international fire chiefs' convention, which opens Tuesday, Aug. 31. During the convention the various makes of fire ap-

paratus will be given a thorough test as to their efficiency and durability.

#### The City Payroll

The city payroll for the past week totaled \$30,155.21 as against \$29,720.37 for the corresponding week last year. The street department payroll was \$5515.54 as against \$6750.99 last year. The amounts expended by the street department last week were as follows: Macadamizing, \$822.23; paving, \$1234.56; whitening Rogers street, \$182.83; street, \$200.53; sewer maintenance, \$240; sewer construction, \$777.32; sidewalks, \$98.00; street sprinkling, \$452.04.

#### Remodeling Club House

A. D. Milton has been granted a permit at the office of Commissioner Putnam for the changing over of a club house in Plain street to a two-apartment house at an estimated cost of \$1000.

#### Mr. Weed Returns

Commissioner Clarence M. Weed of the park commission has returned from his summer home in Campton, N. H.

#### CANADA SENDS 100,000 MEN

Total of Soldiers Sent Since Beginning of War—12 Battalions Ready For Service

OTTAWA, Ont., Aug. 30.—Twelve Canadian battalions of infantry are to be placed in England for final training, according to an announcement made today by the military authorities. The troops will be regarded as reinforcements to be called for service in France or Flanders as required. The twelve battalions have been selected from all parts of Canada and are the best trained corps in the division. They contain about 15,000 foot soldiers. This draft will bring the number of men Canada has sent to England to 100,000.

#### GOVERNMENT COOK BOOK

WASHINGTON, Aug. 30.—Oysters: The food that has not "gone up" is the title of the government's latest cook book, issued through the bureau of fisheries. It contains 100 recipes for preparing the bivalves as well as a list of their history written by H. F. Moore, deputy commissioner of fisheries.

#### LOW WAGES THE CAUSE

KANSAS CITY, Mo., Aug. 30.—Low wages was found to be the basic cause of industrial unrest in the report which Frank P. Walsh, chairman of the federal commission on industrial relations, and the labor members of that body, will present to congress as a result of the commission's two year investigation into the subject.

#### SMOKING ROOM FOR WOMEN

Den Will Be a Feature of New \$150,000 Women's Building in St. Paul

ST. PAUL, Minn., Aug. 30.—A silent little group of gray haired women, some of them grandmothers and some great-grandmothers, resting easily in comfortable rocking chairs with thin blue ribbons of smoke rising from their meerschaum and calabash pipes will be one of the modernisms at the new \$150,000 women's building now in process of completion at the Ramsey county poor farm.

For the old ladies are to have an elaborate smoking room, fitted in modern style and said Mrs. Albert Moore, wife of the farm superintendent today: "If the dear old souls want the walls covered with pictures of race horses, prize fighters and baseball players, they may have them."

"When we took a poll of the old ladies regarding the establishment of a den for smoking," she continued, "there was hardly a dissenting vote. We shall furnish the tobacco and we expect the 'smoker' to be one of the most popular places of the institution."

#### BOMBS FOUND ON SHIPS

FOUR CAPTAINS OF SUGAR LIGHTERS CHARGED WITH GRAND LARCENY

NEW YORK, Aug. 30.—Four captains of sugar lighters, a mate and two other men, arrested on charges of grand larceny in connection with wholesale thefts of sugar from various steamers sailing from foreign ports, were held in \$3,000 bail each by a magistrate yesterday for a further hearing Tuesday. More important developments in the case are expected, according to the police. The men were arrested after an investigation gray-

## COTTON REPORT

**Drouth Followed by Rain Caused Deterioration to Growing Crop**

WASHINGTON, Aug. 29.—Drouth followed by excessive rains in cotton belt during August caused deterioration slightly more than the August average to the growing cotton crop. The department of agriculture today announced the condition as 69.2 per cent of normal. That is 6.1 per cent below the July condition.

## AVIATOR INTERRED ANEW

**FRENCH AVIATOR RETURNED TO SWITZERLAND AFTER HIS ESCAPE FROM INTERNMENT**

PARIS, Aug. 30, 3:45 p. m.—Eugene Gilbert, the French aviator, whose return to Switzerland after his escape from internment in that country was ordered by the French government, arrived in Bern yesterday escorted by a detachment of the Swiss army according to a Havas news agency dispatch today from Bern. The aviator whose recent escape was said to have been effected after he had withdrawn his promise not to try to get away was received by the Swiss staff and informed that he was considered as an officer interned without having given his word of honor.

All the Swiss papers declare that a most excellent impression has been created in Switzerland by the return of Gilbert.

## THE ARABIC CASE

Pres. Wilson to Remain in Washington Until Incident is Settled—May Not Return to Corvish This Season

WASHINGTON, Aug. 30.—President Wilson decided definitely today to remain in Washington until the situation between the United States and Germany is cleared up.

Officials have been urging him to go to Cornish, N. H., for a rest, but he has announced that he will stay here pending the receipt of further word from Berlin.

The President, it was said authoritatively, has been led by the statements of Count von Bernstorff, the German ambassador to Sec. Lansing and reports received from American Ambassador Gerard at Berlin, to hope that a solution for the submarine controversy with Germany will be found.

He is waiting, however, for the imperial government's formal disavowal of the attacks on the Arabic and assurances that the lives of Americans traveling on unarmed merchantmen will not be endangered again.

The President had planned to spend the entire month of September at Cornish, but today it was said to be unlikely that he would return there at all this year.

Count von Bernstorff left yesterday for the summer embassy on Long Island. He will be confident that within a short time formal communication would reach Washington from the Berlin Foreign office, disposing of the situation growing out of the sinking of the Arabic and paving the way for an amicable adjustment of all issues between the American and German governments.

The ambassador probably will not return to the capital until the note from Berlin arrives.

## MATRIMONIAL

Pierre Houle and Miss Laura St. George were married yesterday afternoon at the residence of Mr. Joseph Wallace Green and Miss Katherine Louise Mullen were united in marriage, the wedding ceremony being performed by Rev. W. George Mullin. The bride was attended by her father, Joseph St. George, while her brother, Charles Denzot, Jr., of the bride's family, was the best man. The ceremony took place at the home of the bride's parents, 211 Cheever street, where a wedding dinner was served, followed by a reception. Mr. and Mrs. Houle will make their home at 211 Cheever street.

Green-Mullin  
A very pretty wedding was solemnized at 10 o'clock this morning at St. Peter's rectory, when Mr. Joseph Wallace Green and Miss Katherine Louise Mullen were united in marriage, the wedding ceremony being performed by Rev. ## RAPS CHAIRMAN WALSH

**GOV. CARLSON OF COLO. CHARGES HIM WITH SPREADING "MENDACIOUS STATEMENTS"**

DENVER, Colo., Aug. 30.—Governor George A. Carlson last night issued a statement charging that Frank P. Walsh, chairman of the Federal Commission of Industrial Relations, had spread "mendacious statements" regarding the political and industrial conditions in Colorado.

## ARRESTED AS A DESERTER

**NORTH CHELMSFORD YOUNG MAN TAKEN TO BOSTON BY LOCAL OFFICERS**

Charged with being a deserter from the United States navy, Owen P. McEneaney, aged 27, of North Chelmsford, was arrested near Middlesex St. Saturday night by Patrolmen Cullen and Dwyer, and this morning taken to Fort Andrews in Boston, where he will be given a trial. The police claim that the young man enlisted some months ago, but recently, it is alleged, violated the conditions of his enlistment and has been stopping in the vicinity of Lowell.

## SWINDLES OF \$500,000

**MAN ALLEGED TO HAVE MAINTAINED DUAL IDENTITY FOR YEARS ARRESTED**

ST. LOUIS, Mo., Aug. 30.—After maintaining for years, as alleged, a dual identity of banker and prominent citizen of Forest City, Ark., and former of realty districts in other parts of the country, John W. Kline of St. Louis, was under arrest here today. He has confessed, according to detectives, of swindles aggregating more than \$500,000.

As a bank director in the Arkansas city Kline was known as John W. Barnhardt. He was arrested here last night. He had escaped jail two weeks ago, the police said, from Waukesha, Wis., where his methods in attempting to mortgage property brought him under suspicion of fraud. Kline alleged that it was his method to go into a rich farming community, inquire for a good farm he might buy, and get acquainted with men of money. When he had selected a farm, it was charged, he either borrowed the deed and made a bogus deed to himself, or he bought the farm, paid for it by check and took possession of the deed. As soon as the deed was safely recorded in his name, Kline, his accusers say, mortgaged it and by the time the check was returned marked "no funds" he had gone back to Arkansas to become a banker again.

**MASS NOTICE**  
There will be an anniversary mass in memory of the late Annie L. Murphy at the Sacred Heart church, Wednesday morning, at 8 o'clock.

## SAGAMORES' CONTRADICTION

A member of the Sagamore club called at The Sun office today to contradict a sensational story of a fire at the club quarters on Bowers avenue last week. "There was a slight blaze that occurred in the woodwork near the stove; but that was the extent of the damage. The statement that there was any gasoline in or near the camp," said the member, "is absolutely false. Kerosene is used when needed but with due care."

## "CHIEF" BENDER RELEASED

BALTIMORE, Md., Aug. 30.—The unconditional release of Pitcher "Chief" Bender was announced today by the management of the Baltimore Federal league club. Bender was formerly with the Philadelphia Americans and for years ranked as one of the most famous pitchers in the game.

## POWDER MILL EXPLOSION

**Continued**

Plots gained wide circulation, arousing the fears of the townspeople. It was learned that the doors and windows of the mill were securely barred Saturday night after a complete inspection of the interior. A workman said:

## DUE TO ACCIDENT

**Action Authorities Convicted Explosion Was Not Caused by any Outside Influence**

ACTON, Aug. 30.—Convicted that the blowing up of the glazing mill of the American Powder Co. yesterday morning was due to an accident, the local authorities made no effort today to continue investigation of the explosion. Several persons were questioned regarding their knowledge of the affair, but no definite information was obtained. It was believed by officials of the company that the explosion was similar to others that have taken place at the plant.

## MYSTERIOUS FIRE

**Shrapnel Plant of E. J. Codd Co. at Canton, Ohio, Damaged—At Work on War Order**

BALTIMORE, Aug. 30.—The plant of the E. J. Codd Co., machinists, at Canton, a suburb, was damaged by fire of mysterious origin last night. The company recently obtained a sub-contract for the manufacture of shrapnel casings, and the shops were being refitted for the work. It is feared that a considerable part of the machinery was damaged. Three large storage oil tanks 50 feet away were not reached by the flames.

## THROW TO WRECK TRAIN

**Plot to Throw Train Loaded With Gun Cotton Off Track Near Gary Where Minister Was Murdered**

CHICAGO, Aug. 30.—An attempt to wreck a train carrying enough ammunition to blow up the city of Gary was discovered last night at the height of the excitement which has developed with the exposures of secret assassination and spying in the search for the motive and the murderers in the case of the Rev. Edmund Kayser.

Fifty feet north of the Aetna powder works, three miles east of Gary, Ind., the storm center of the plot against shipments of war munitions to England, was found a payable and malicious effort to derail a train due to leave the works late last night for the east.

The rivets of a plate holding together the ends of two rails had been pried or chiseled off and the end of one of the rails had been crowded about six inches out of line. Officials of the mill declared that the gun cotton shipped in water, held the attempt to wreck the train and no danger would have resulted had the attempt to wreck the train succeeded. However, that there had been a deliberate plot to throw the train off the track by men banded together in a conspiracy to blow up the city of Gary, was not denied.

## EXPLOSIVES AND WAR SUPPLIES, AND VIOLENCE WHICH HAD BEEN KEPT SECRET HAD BEEN BROUGHT TO LIGHT

## DUPONT FACTORY GONE

**Delaware Factory Was Blown Up Yesterday and Two Men Were Killed**

WILMINGTON, Del., Aug. 30.—Two workmen were instantly killed and considerable damage was done to property by an explosion of two black powder mills of the DuPont, Powder company in the upper Hagley yards, near here yesterday. The victims are Lawrence Cunningham, aged 45, of this city, and Hugh Gillespie, 35, of Hazleton, Pa.

The two reports were terrific, being heard more than a dozen miles away. Hundreds of windows in nearby houses were broken. Several hundred pounds of powder exploded, completely destroying the mills. The first to go was a fuse mill, and this set off a second plant nearby.

The cause of the explosions has not been determined, but officials say it probably was due to a spark or to grit in the powder.

Several weeks ago Cunningham dragged his brother to safety from a burning mill after a powder explosion.

**DYNAMITE EXPLOSIONS**  
Chas. Respa Held For Alleged Connection With Explosions in Ontario Two Months Ago

DETROIT, Aug. 30.—Charles Respa of this city, who was arrested last night on Bois Blanc Island, Canadian territory, for alleged connection with the dynamite explosions at Walkerville, Ont., two months ago, will be arraigned today. He had gone to Bois Blanc on a picnic excursion.

It is charged that Respa was one of the three persons of German descent living in Detroit, who had conspired to destroy the Peabody overall plant at Walkerville, the Windsor armory, and other buildings used for artillery purposes.

William Leffer, who is serving a term of 10 years in the penitentiary at Kalamazoo, Ont., is alleged to have implicated Respa in the conspiracy. Another Detroit resident, a confederate, Katschmidt is living in Detroit. He cannot be extradited.

Tributes to Character and Work of ex-Gov. Long Heard on Every Hand Yesterday

BOSTON, Aug. 30.—The news of the death of ex-Gov. Long came as a surprise to the general public yesterday, as the seriousness of his illness was not known outside the immediate family, and expressions of regret and tributes to his high character were heard on every side. A few of them follow:

Charles C. Mann, treasurer Massachusetts Total Abstinence society, of which Hon. John D. Long was president: "In the death of John D. Long the cause of temperance has lost one of its ablest and most consistent champions, and the Massachusetts Total Abstinence society one of its finest personalities. He was president of the society for a great many years. He was a man who all his life long turned his glass down. Through all his public career, as governor, congressman and secretary of the navy, by example and precept he strove to advance the cause of total abstinence from alcoholic beverages."

Ex-Gov. William L. Douglas: "I was very, very much shocked to hear of Long's death. He was a very delightful man, a man of broad views on all subjects. He was a national figure. I was not very intimate with him, but I had a very great respect for him."

Chief Justice Rugg of the supreme court: "The death of John D. Long removes one of the most useful and justly distinguished of the sons of Massachusetts. He combined in high degree the attributes of scholar, orator and statesman. His translation of Virgil attests classical learning and literary skill of no mean order."

"His published addresses manifested rare felicity of powerful speech, touching a wide range of subjects. In important offices of state and nation he was a strong leader of constructive thought and a molded public opinion toward finer ideals of practical statesmanship."

"During his term as governor he appointed all the justices of the supreme judicial court, yet such was the keenness and accuracy of his judgment of men that, with these appointees new to the task, the standard of Massachusetts jurisprudence was fully maintained and the confidence of people and bar undisturbed."

"His energies were devoted to the cause of temperance through a long period of years. Rich in the possession of varied faculties and large abilities, his life was kindled with the enthusiasm of genuine good will."

Lieut. Gov. Gushing: "His death is a great loss. Gov. Long was a man with the most charming personality and with the most delightful sense of humor. His loss will be felt by all classes of the community. An excellent public servant and a most charming companion."

Ex-Mayor John F. Fitzgerald: "I served four years in congress with Mr. Long and I never knew a more genial or courteous man. He was absolutely nonpartisan in national matters and I never knew him to show any partisanship in his treatment of the people of his district or the state of Massachusetts."

"He was a lovable man and absolutely fair. It was while he was secretary of the navy that the Charles-ton navy yard was opened up in its activities again."

"I saw a good deal of him during the Spanish war and fully understood all that he had to contend with both before and during the war. But he never wavered from what he considered the right. He was a great, big American."

Hon. Charles H. Allen, assistant secretary of the navy under Mr. Long: "Gov. Long represented a splendid type. A gentleman, a scholar, a statesman of practical capacity, sound common sense and absolute integrity. His selection for public office, wherever called, as representative, as governor of a great commonwealth, as secretary of the navy during a critical period, is a tribute to his high and conspicuous ability. His long life was one of usefulness and service and an inspiration to his countrymen."

George von L. Meyer, ex-secretary of the navy: "In the death of ex-Gov. John D. Long, Massachusetts lost one of its

## FUNERAL OF EX-GOV. LONG

**SIMPLE SERVICES AT HINGHAM CHURCH TOMORROW—MILITIAMEN AS GUARD OF HONOR**

BOSTON, Aug. 30.—The funeral of ex-Governor John D. Long, who died Saturday night, will take place on Tuesday afternoon at 2:45, in the Unitarian church, Hingham, and will be simple in character, in conformance with the wishes of the departed patriot and statesman.

The body will lie in state but one hour, between 1 and 2 o'clock, in the church, and on request of the family there will be no public exercises.

The services will be conducted by the Rev. Charles E. Park, formerly of the New North church of Hingham and now of the First Unitarian church of Boston, who will be assisted by the Rev. Louis C. Cornish, formerly of the Old church of Hingham.

There will be no quartet singing; the congregation joining in singing a few of the hymns, which were favored by the late Mr. Long, and there will also be a violinist.

Burial will be in the Hingham cemetery, and there will be an old-fashioned funeral cortege, the guests all walking behind the casket with the exception of the widow, who will ride in a carriage.

Six members of company K, Fifth Regiment, will guard the casket when it lies in state in the church, and will act as honorary pall bearers. Miss Margaret Long, the only daughter of the ex-Governor, who is a physician in Denver, Colorado, arrived in Hingham last night.

During the time in which the funeral service is being conducted all stores and shops will be closed in Hingham, flags will be half-masted and the famous Hingham chimies will toll a death knell.

Hundreds of telegrams and letters together with telephone calls were received by the family yesterday, expressing sympathy with their bereavement.

Ex-Mayor John F. Fitzgerald: "I served four years in congress with Mr. Long and I never knew a more genial or courteous man. He was absolutely nonpartisan in national matters and I never knew him to show any partisanship in his treatment of the people of his district or the state of Massachusetts."

"He was a lovable man and absolutely fair. It was while he was secretary of the navy that the Charles-ton navy yard was opened up in its activities again."

"I saw a good deal of him during the Spanish war and fully understood all that he had to contend with both before and during the war. But he never wavered from what he considered the right. He was a great, big American."

Hon. Charles H. Allen, assistant secretary of the navy under Mr. Long: "Gov. Long represented a splendid type. A gentleman, a scholar, a statesman of practical capacity, sound common sense and absolute integrity. His selection for public office, wherever called, as representative, as governor of a great commonwealth, as secretary of the navy during a critical period, is a tribute to his high and conspicuous ability. His long life was one of usefulness and service and an inspiration to his countrymen."

George von L. Meyer, ex-secretary of the navy: "In the death of ex-Gov. John D. Long, Massachusetts lost one of its

most distinguished sons, public spirit, statesman and scholar. Representing a type of man which is peculiar in example of the men who have served faithfully the state and the country, his death will be mourned throughout the state."

Congressman A. P. Gardner: "Gov. Long was a grand figure of the old school. His talent was in a great many different directions and few people appreciate the amount of solid literary work he had performed."

Mr. Reynolds is secretary of the Merrimack Valley Alumni Association. The purpose of the conference is to make plans for the 75th anniversary of the college, and other matters of importance will be discussed. In selecting Mr. Reynolds to represent the Merrimack Valley Association the committee in charge has picked a very competent young man and one whose choice will prove eminently satisfactory to every local Holy Cross man.

## DROP IN TEMPERATURE

**THERMOMETER REGISTERED FORTY-SEVEN DEGREES AT CHICAGO THIS MORNING**

CHICAGO, Aug. 30.—Only twice before in the history of the local weather bureau has the mercury dropped so low in August as this morning when it registered 47 degrees. This record was equaled in 1872 and again in 1897.

**WATERLOO, Ia., Aug. 30.**—Heavy frosts, in some instances taking the form of ice, were today reported as occurring in this section. Last night the government thermometer here registered 34 above zero. All tender vegetation including melons, late potatoes and some sweet corn is said to have been damaged.

**\$300,000 DAMAGE BY FROST**  
WAUSAU, Wis., Aug. 30.—Damage estimated at between \$200,000 and \$300,000 was caused to late potatoes and garden truck throughout Marathon county last night by a killing frost. The corn crop also suffered heavy losses.

**GRAND JURY SESSION**  
It was stated here today that the fall sitting of the Middlesex county grand jury will open at the Gorham street court house next Tuesday for the consideration of local cases. On account of Monday being a holiday, the jurors convene the day following.

# LIPSK, NEAR GRODNO, CAPTURED BY GERMANS

## Grodno, Last of Great Fortresses in Poland Held by Russians, Now Objective of Teuton Drive

Grodno, last of the great fortresses in Poland, held by the Russians, now seems to be the objective of a German drive. Berlin today reports the capture by storm of the town of Lipsk, about 20 miles to the west of the fortress, the Russians being compelled to surrender.

**1000 Russians Captured**

General von Eichhorn has defeated the Russians in a battle east of the Niemen, northeast of the fortress of Orla, recently taken by the Germans, capturing 1000 prisoners and seven cannon, the German official statement announces.

**Victory for von Mackensen**

The defeat by Field Marshal von Mackensen's troops of Russian forces which made a stand south of Kobrin while retreating in the marshy districts east of Brest-Litovsk is reported.

**German Trenches Damaged**

German trenches at several points in the Argonne region were seriously damaged late on Sunday by the explosion of mines and the pounding of the French artillery, according to today's official report from Paris.

**British Steamer Sunk**

The sinking of the British steamer Sir William Stephenson of Newcastle, a 1500 ton vessel, presumably after having been torpedoed by a German submarine, is reported from London.

# GERMANY'S COURSE IN ARABIC CASE DECIDED

## Understood That it is in Line With the Recent Conciliatory Statement Made By Dr. Von Bethmann-Hollweg, the German Chancellor

BERLIN, Aug. 30, via London, 5.30 p. m.—It is understood today that Germany's course with regard to the Arabic case has been decided upon and that it is in line with the recent conciliatory statement by Dr. von Bethmann-Hollweg, the German chancellor.

This development followed the return to Berlin of the chancellor, Admiral von Tirpitz and other participants in the conference with the German emperor at his headquarters on the eastern front. No official statement has been made regarding the German decision, but there seems good ground for the belief that the government has adopted the viewpoint set forth by the chancellor.

In a statement made on August 25, Dr. von Bethmann-Hollweg, the German imperial chancellor, declared that the circumstances surrounding the sinking of the Arabic had not been fully cleared up, as no report regarding it had been received and that it was not even known whether a mine or a torpedo from a German under water craft sank the Arabic or whether the liner might not have justified by her actions drastic proceedings by the submarine's commander. The chancellor added:

"Only after all these circumstances have been cleared up will it be possible to say whether the commander of one of our submarines went beyond his instructions, in which case the imperial government would not hesitate to give such complete satisfaction to the United States as would conform to the friendly relations existing between both governments."

# MUNICIPAL COUNCIL TO HOLD SPECIAL MEETING

## Department Work Being Pushed by Commissioners—School Board Meeting—Playgrounds

It is probable that a special meeting of the municipal council will be held Thursday morning as some of the commissioners have important matters which deserve the immediate attention of the council and Mayor Murphy upon his return to Lowell, Wednesday, will be asked to call the special meeting.

Commissioner Putnam stated this morning that the city solicitor is preparing the various contracts for the Memorial building to be ready Wednesday. The commissioner is anxious to get the reconstruction work started as soon as possible and accordingly he advocates a special meeting in order to award the contracts.

On the other hand Commissioner Carnichael is also desirous of having the contract for the steam piping at the filtration plant granted as soon as possible and this matter will also be brought to the attention of the council. The bids for the work were opened this forenoon.

Commissioner Duncan is getting his list of precinct officers ready and he is desirous of having it confirmed this week. It is also understood that Commissioner Morse has a few matters up his sleeve awaiting the attention of the council.

**Private Meetings**

It was stated at city hall this morning that the cemetery trustees are holding private meetings, that is, they never inform anyone of their meetings and accordingly the public is not getting the least information concerning their actions.

The city solicitor when seen by a Sun reporter this morning said that all meetings of commissions, according to the charter are to be public and he gave out the following statement: "The spirit of the organic law that governs this city prescribes that all meetings of the government as well as all meetings of commissions created by it shall be public meetings."

"The only public meeting of the cemetery trustees was the first one held. Since that time no one but the members of the cemetery commission has been aware of a meeting of the commission."

**School Board**

A regular meeting of the members of the school board will be held tomorrow evening at 8 o'clock and it is probable that a principal will be selected for the girls' department of the vocational school to succeed the former principal, Miss Alice Gookin, who recently got married.

**Bids Opened**

At 11 o'clock this morning the bids for the steam piping of the turbine engine at the boulevard pumping station, which is to be connected with the filtration plant, were opened. The contract will be awarded at the next meeting of the municipal council. The bids were opened at the office of the water department and were as follows: Harry S. Drury, \$535; Welch Bros., \$525; E. T. Shaw Co., \$555; Farrell & Condon, \$585; Barker Mfg. Co., \$585; and Carroll Bros., \$510. As can be seen the Barker Mfg. Co. is the lowest bidder.

At city hall today there was no talk of the hospital site not of when the municipal council will act upon it. The high school site also awaits final action and the property owners in the land selected are said to be in a quandary.

**Playgrounds**

The playgrounds committee of the park department, Messrs. Weed, McKay and Greene, will meet with Miss Katherine Tobin and Patrick Reynolds, supervisors of playgrounds, this evening at the office of the department for the purpose of formulating a program of the games to be played at the closing of the playgrounds Thursday. The playgrounds exhibit will be held in the Harrington building in Central street and will open Wednesday morning to close Thursday evening. All interested in playgrounds are cordially invited to take in the exhibit and see for themselves what is being done by the children. The exhibit, according to the superintendent of the department will be well worth seeing.

**Riverside Park**

The small tract of land which is located opposite the Riverside school in South Lowell, and which was turned over from the street department to the park department recently, has been converted into a beautiful park. The land was graded with fine loam and seeded. As soon as the weather is favorable small white pines will be planted. The cost of the work will amount to about \$200.

**Street Department**

Work on block paving Merrimack street from Cabot to Pawtucket is progressing and providing the weather does not interfere it will be but a short time before the south side of the street is completed. At the present time the portion between Cabot and Decatur streets is finished and the men are hurrying along up the hill. Elm street is being dug out preparatory to block paving from Decatur to Linden streets, while the edgelines between Linden and Central streets are being straightened out.

The Bay State Street Railway Co. is getting ready to lay its special work at the junction of Rogers and Nesmith streets. All the steel for the job has arrived. As soon as the railway company gets busy, the street department will follow with crushed stone.

The Tanner street sewer is completed and the men are now repairing the drains that were disturbed by the excavating for the sewer. The back fill-

# FOR PEACE IN MEXICO

## Peace Convention Will be Held in Neutral Territory in Mexico to Set Up Government

WASHINGTON, Aug. 30.—Villa and Zapata agents here said today that a peace convention would be held in neutral territory in Mexico to set up a provisional government. Independent Mexicans are not unopposed to any of the factions would take part, they said, and it was possible that the Pan-American conference would be asked to arrange the details. The delay in receiving Gen. Carranza's reply to the Pan-American peace appeal has raised hopes that influences are at work to induce him to participate. The Villa and Zapata adherents, however, announce their intention of proceeding without Carranza if necessary.

Carranza troops in northeastern Mexico were reported today being concentrated to defend Monterrey against the attack of the Villa army.

# GOES TO LAWRENCE TEAM

**"SNUBBER" GREENHALGE TO PLAY WITH LAWRENCE TEAM THIS WEEK**

The Lawrence team, which is rather badly "bunged up" has borrowed "Snubber" Greenhalge from Lowell to play with it for the remainder of the season. It is understood that had Lawrence known of Frank Swayne's release in time he would have hooked up also, but he had returned to Buffalo before the down-river management had learned of his departure from Lowell.

Pitcher George Pennington reported to Lawrence today and will play with the Lawrence team pending a decision by the national commission of the controversy between Lawrence and Fitchburg over him. Pennington was loaned by Lawrence to Fitchburg, and when Lawrence wanted him back Fitchburg refused to let him go, while Pennington, it seems, was satisfied to remain with Fitchburg. He played with the Fitchburg team after the protest by Lawrence and was suspended by President Murnane. Now his case is before the national commission and he has been ordered to play with Lawrence in the interim.

# BEHIND CLOSED DOORS

## COURT OF INQUIRY RESEMED INVESTIGATION OF CHARGES AGAINST MILITIA

DENVER, Colo., Aug. 30.—The military court of inquiry appointed by Gov. Carlson to investigate charges against Adj. Gen. John Chase and other officers of the National Guard of Colorado, resumed taking of testimony behind closed doors today.

The court was appointed as the result of charges against the militia administration during the recent strike of coal miners.

Saturday night the court of inquiry seized in a detective agency's office, letters, which, according to members of the court, indicated that the agency had been employed by the United Mine Workers of America to discourage enlistments in the National Guard and for other secret purposes connected with the prosecutions growing out of the coal strike.

Officers of the United Mine Workers denied that they had employed detectives to prevent militia enlistments.

# FELL FROM STAGING

## MAN VERY SERIOUSLY INJURED AT APPLETON STREET BUILDING

Emile Chouinard, of 840 Moody street, is in a critical condition at St. John's hospital as a result of falling from the staging of a building in the process of construction at the corner of Appleton and Revere streets shortly after noon today. It was stated he is suffering from fracture of ribs of the right side and possible internal injuries.

Chouinard has been employed for the past month as a laborer by the New England Construction company and today he was working on a staging at the third flight when in some manner he fell to the ground. He was picked up in an unconscious condition. Dr. Matthew Mahoney who was summoned, realizing the seriousness of the young man's condition, took him in his machine and rushed him to St. John's hospital where his name was immediately placed on the dangerous list.

# TEAMSTER INJURED

## Man Fell From a Wagon at the Tremont and Suffolk Yard and is Sent to Hospital

While working in the yard of the Tremont & Suffolk mill about 3.30 o'clock this afternoon John Read, a teamster, fell from the wagon and landed on his back, sustaining internal injuries. He was removed in the ambulance to the Lowell corporation hospital. It was stated that the extent of his injuries were not known. Read resides at 166 Tilden street.

# NEW GARY MURDER MYSTERY

**Woman Says She Saw Three Foreigners Drown Rich Banker at Miller Beach**

GARY, Ind., Aug. 30.—The mound covering the grave of the Rev. Edmund Kayser, murdered pastor of St. John's church, had hardly settled before Gary citizens were confronted yesterday with another murder mystery.

Theodore Rocco, a wealthy Gary banker and real estate owner, who was supposed to have been drowned in the lake at Miller Beach on Sunday, August 1, was murdered by persons in the water with him and before 3000 bathers, was the charge made yesterday by Mrs. H. N. Ballard, who with her son Hugh was at the beach at the time Rocco met his death.

Mrs. Ballard said that she and her son saw three men, all foreigners, strangle Rocco and push him under the water.

# SPANISH WAR VETERANS

## CONCESSIONS BY BRITISH

WASHINGTON, Aug. 30.—Concessions in the enforcement against American commerce of the British order-in-council were announced today as a result of informal negotiations just completed by the foreign trade advisers of the state department.

The British ambassador, Sir Cecil Spring-Rice, assured the trade advisers that their informal representations in cases where the British orders have caused "undue hardship" to American commerce will receive special consideration.

The ambassador called at the state department to explain the extent of the British concessions which are especially intended to meet the growing complaint of American importers that the Christmas trade is threatened by failure to obtain goods made in Germany and Austria for which they had contracted.

Generally speaking, it is the intention of the British government to permit the passage through the blockade lines of goods for which the American importers have entered into contract with German and Austrian firms. Heretofore it has been required that the money shall have actually been paid for the goods. Now it will be sufficient to show that they were regularly contracted for and that the American importer is really the person responsible for them and that title rests with him. Goods valued at many millions of dollars have accumulated at Rotterdam and await transportation to the United States. The order applying to these, but whether it will extend to goods yet in German factories but under contract for delivery on this side of the Atlantic is yet undetermined.

The success of private interests in London represented by special attorneys in securing the release of about \$500,000 worth of goods now on the docks is explained at the British embassy here as due to the fact that the local attorneys there were able to secure and present to the British authorities the proof required as to the character of the goods and the condition of contract. Now it is planned to permit American importers to present proof at the British embassy here, which, it is believed, will greatly facilitate importations. The entire responsibility for the holding of dyestuffs of German manufacture intended for America is placed by the British authorities upon the German government and it is alleged that a contrary impression has been sought to be created because of ill-feelings against Great Britain.

# HONOR CARRIE NATION

## HER PORTRAIT AND FAMOUS HATCHET TO ADORN KANSAS HALL OF FAME

WICHITA, Kan., Aug. 30.—Mrs. Carrie Nation's portrait and her famous hatchet are to be placed in the state historical society at Topeka.

For years a photograph of Mrs. Nation, together with her hatchet, hung on the walls of the Wichita police station, where they were placed as a result of the frequent arrest of Mrs. Nation and her associates for smashing saloon windows, bar fixtures and mirrors.

The board of commissioners of Wichita recently ordered that the photograph and the hatchet be removed and given to Mrs. Myra McHenry of Wichita, who was nineteen times in jail with Mrs. Nation for disturbing the peace.

The photograph of Mrs. Nation is being enlarged, Wichita business men paying the cost. William E. Connelly, custodian of the Kansas historical society, has notified Mrs. McHenry that he will place the portrait and the hatchet in the main gallery of Memorial hall at Topeka.

# ABANDON TEXAS CAMP

WASHINGTON, Aug. 30.—Secretary Garrison today announced that the war department had determined not to re-establish the divisional army camp at Texas City, Tex., destroyed by the recent storm. No decision has been reached yet as to its future location. Major Gen. J. Franklin Bell, commanding the division, recommended that the Texas City camp be abandoned.

# FROSTS IN MANY PLACES

WASHINGTON, Aug. 30.—Abnormally low temperatures prevailed today over the upper Mississippi and lower Missouri river valleys and the upper lake regions. In some places, the weather bureau reported today, the thermometer slowed temperatures which made records for the month of August.

Frosts were reported in many places. In some instances they were heavy and caused considerable damage to crops. Over almost all of the sections mentioned temperatures were from 10 to 23 degrees below the seasonal average. The cold came down from the Canadian northwest and will spread tonight eastward, reaching the battle states tomorrow. Frosts were predicted as probable tonight in Michigan and northern and central Indiana and Ohio.

# WORE IDENTIFICATION TAGS

NEW YORK, Aug. 30.—Passengers arriving here today aboard the steamer Espagne from Bordeaux, wore identification tags, issued to them before sailing, so that they might be identified in case German submarines should send their ship to the bottom while they were passing through the war zone. It was the first time that such tags had been worn by passengers aboard a liner reaching this port from Europe since the war began.

# UNKNOWN MAN DEAD

## PASSED AWAY IN LAWRENCE BUT WORE CLOTHING BOUGHT IN THIS CITY

An unknown man apparently in an intoxicated condition was taken into the Lawrence police station this afternoon. He was unable to give his name and on account of his condition was removed to the Lawrence hospital where he died shortly afterward. He is thought to be a Lowell resident as his clothing was purchased from Putnam and Sons of this city.

The deceased was about 40 years of age, 5 feet 8 inches, weighing about 160 pounds, and well built, and of ruddy complexion with gray mixed hair. He wore a gray mixed suit, soft white shirt, red necktie, dark cap and black shoes.

# AMERICAN KILLED BY MEXICANS

WASHINGTON, Aug. 30.—Official despatches from Vera Cruz tell of the receipt of mail reports there on the killing of E. F. Welles, an American, custom of the Tabasco Flouring Co. No details were given further than Welles was killed by bandits who blew up a train and shot passengers of whom Welles was one.

The state department today acknowledged receipt of Gen. Zapata's acceptance of the Pan-American peace appeal. Favorable replies now have been received from practically all chiefs outside the Carranza forces.

# Will Build Garage

Harry L. Duncan has been granted a permit for the erection of a garage at 29 Putnam avenue. The building will have a cement foundation and will be 12 by 20 feet and will cost about \$250.

# Grandfather Sidewalks

Engineer Kearney informed the writer this morning that he has made arrangements so as not to have any sidewalks blocked for Labor day. He said the men who are laying the granite sidewalks in Merrimack street will arrange so as not to lay any cement that will not have time to dry up for Labor day. In some places a temporary cinder walk will be laid for the day. This is so as not to interfere with the labor parade on that day.

# RACES CALLED OFF

HARTFORD, Conn., Aug. 30.—The free for all race, and free for all trot, announced for the Grand Circuit meeting at Charter Oak park, Sept. 6, and 11, did not fill and were declared off today. The other late closing events, the 2:05 pace, 2:10 trot, and 2:15 trot, filled satisfactorily and were added to the program.

# CREDITORS PROCEEDINGS

BOSTON, Aug. 30.—Creditors proceedings in bankruptcy were instituted today against the P. J. Harney Shoe Co. of Lynn. The petitioners alleged that the company made an assignment on Aug. 16 to T. F. Dolan, C. P. Hall and C. Coburn.

# U. S. TAKES OVER INTERESTS

WASHINGTON, Aug. 30.—Ambassador Morgenthau at Constantinople has taken over the diplomatic interests of Italy, Russia and the United States. These added responsibilities for the United States makes this government, diplomatic agent at the port for eight European nations.

# F-4 REFLOATED ENFORCE PEACE

**U. S. Submarine Went Down in Honolulu Bay on March 25**

HONOLULU, Aug. 30.—The United States submarine F-4 submerged outside the harbor here since March 25 last, was refloated last night and towed to the quarantine station in Honolulu bay.

The submarine F-4, commanded by Lieut. Alfred Ede and with a crew of 21 men, went to the bottom off the harbor of Honolulu, March 25, 1915, during maneuvers of the "F" squadron. She was located two days later and Diver John Agaz of the navy descended 215 feet establishing a new world's record in an endeavor to facilitate the work of bringing her to the surface. Her crew, it was said, might have been alive at this time, but attempts at rescue failed and on March 30, Rear-Admiral C. T. Moore, commanding the Honolulu naval station, reported that the F-4 lay in 270 feet of water, and would have to be raised by pontoons.

Secretary Daniels announced that the boat would be raised at any cost in order to determine the cause of the accident and diving apparatus and divers were sent out, leaving San Francisco April 5 on the cruiser Maryland. One of the divers, Frank Crilly, went down 228 feet the next day and was seriously injured by water pressure. These men put lines on the F-4 by which the boat was dragged slowly up the shelving bottom, but in the process the stern was wrecked and broken, and work was halted to await the arrival of pontoons. Six of these, capable of lifting 60 tons each, were sent from the Mare Island navy yard early in August on the Maryland.

At the time of the accident reports gained circulation that the F-4 was not in good shape, when she went below water. These were officially denied.

## TO DRYDOCK THE F-4

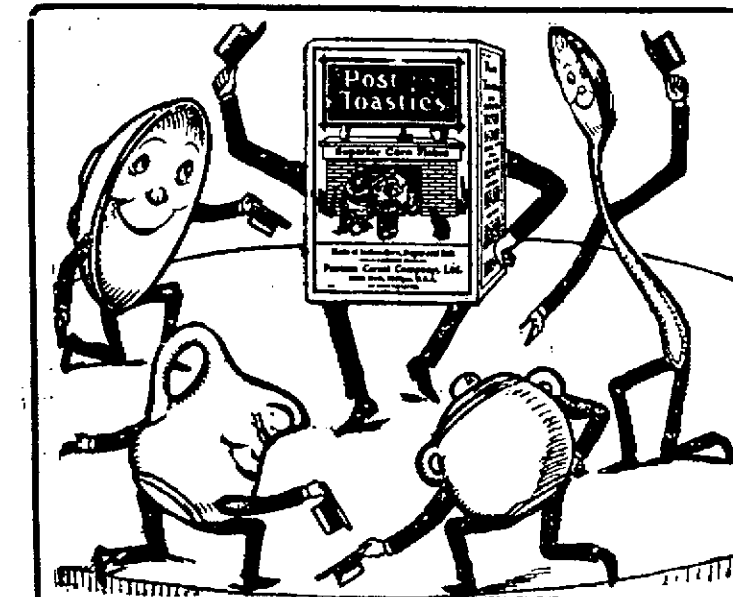

HONOLULU, Aug. 30.—Work preliminary to the drydocking of the submarine F-4, lost in the Honolulu harbor with twenty-two men March 26 and raised yesterday, was under way today. It was expected the craft would be placed in drydock tomorrow. Until then nothing definite can be announced as to what caused the disaster.

The F-4 was raised by the pontoon method, six special pontoons, each with a lifting capacity of 80 tons having been constructed at the Mare Island, California, navy yard for the purpose after all other methods proved unavailing.

The actual raising operation occupied two hours. The derelict was towed into the harbor, where all the shipping, including the interned German gunboat Geier, lowered flags to half mast.

When the submarine had been placed in drydock a board composed of Rear Admiral Clifford J. Boush, commandant of the naval station, Lieut. Kirby S. Crittenden and Naval Constructor Julius A. Purer, will begin an investigation of the cause of the disaster.

**INSANE MAN RECAPTURED**  
AUGUSTA, Me., Aug. 30.—Emilio Marino, the Italian who, with five others, escaped Thursday from the state hospital for the insane was recaptured last night near Weeks mills. Dr. Forrest C. Tyson, superintendent of the institution, made the capture and returned the man to the hospital.

## LADY LOOKABOUT

This is the time of year when many children and their parents are passing through the trying time of deciding whether or not education, many of us hardly a beguiling thing, should be continued or concluded. In many cases circumstances over which parents have no control decide the matter. In such cases there is no comment to be made. But in many cases the decision, most unfortunately and most unwisely, is left wholly in the hands of the child. No child of 14 or 15, or even 16, should be permitted to decide this question for himself, unless, by chance, he be wise enough to decide to remain at school. Yet, in nearly every case, the child is permitted to leave school when he no longer feels like going. The main reason is generally that some companion is leaving. It is needless in this day of enlightenment to hold forth on the benefits of education. They are too obvious; but I would like to emphasize the point that the day has long since passed when a slight knowledge of three or four subjects was sufficient equipment for the battle of life. This is an age of competition and efficiency, and unless a man is content to remain an under-paid plodder, he must be equipped with some education. Even though it may not be the privilege of many to avail themselves of the advantages of our elementary schools, with a good elementary or common school foundation, one may later on erect as elaborate a structure as his inclination dictates, but the elementary foundation he must have. I would like to say to every parent in Lowell, "Unless your circumstances absolutely forbid, keep your children at school, though it involve untold sacrifice on your part. A good education is the finest kind of a legacy you can leave them."

### Families of Reservists

For a long time it has seemed to me that this country is violating her declaration of neutrality in one respect. I refer to the families of the reservists who have been called home to defend the mother country, and who leave behind their dependent families. This condition is not noted so much in Lowell as in places where the population is made up largely of persons from one or another of the countries involved in the international war. The support of these dependent families is then directly on the government, and in such cases, why may not the government be charged with furnishing indirect aid to the belligerents? Our government should see that these foreign countries furnish transportation for the families of the reservists whom they call home, and then in case they must be helped, let their own government, which has removed the source of their support, bear the burden of their dependence.

### Cotton for Explosives

With so much controversy in connection with making contraband of cotton on account of its use in the manufacture of explosives, perhaps a few words in regard to the process of manufacture may not be amiss at this time. The framework of all vegetable matter is cellulose, and in the vegetable world it corresponds to the bones of the animal world. Wood, flax, straw and cotton, all furnish cellulose, but all of these, cotton is the purest form. When cotton is treated with a cold

mixture of sulphuric and nitric acids, a cellulose nitrate is formed, the composition of the one formed depending upon the strength of the acid and the duration of the action. These nitrates form the basis of the smokeless propellant. One of the nitrates is gun cotton. It may be spun, woven and pressed into cakes and has the appearance of ordinary cotton. In an open space it burns with a large flame, but when ignited by a percussion cap or in a confined space, it explodes violently. On account of cotton being comparatively pure cellulose, it is most desirable for the manufacture of this explosive, as it is an expensive process to remove the impurities from the other forms.

### Children Stealing Fruit

If there be one person over all others to whom the juvenile law is working an injustice second only to the injustice, it is working to the youthful wrong-doer himself, that person is the owner of a fruit orchard. Often in the evening, the sound of apples and pears, in many cases fruit not due to ripen for a month or two, being shaken from their trees by these young thieves, may be heard by the farmer as he rests at his door after a hard day's work.

At present the marauders are equipped with pocket flashlights which they find of great assistance, as with their help only the choicest fruit may be taken.

A few days ago, a farmer—Mr. X—was returning from the city. Not far from his house, he met a party of small boys, most of them dressed in overalls and blouses. The overalls were bound at the ankles with string, and with the blouses, were so filled with apples the boys could hardly walk. Spry Mr. X, they generously called out "Do you want some apples, mister?" We can't walk we have so many," and they proceeded to force onto Mr. X apples which had a very familiar look.

"Where did you get such fine apples?" he asked.

"Oh, out to X's. He has loads and he is such an old man he can't run. All you have to do is to help yourself," and they continued to empty the bags of their overalls into Mr. X's wagon, until they had disgorged fully half a bushel, when they proceeded on their way more comfortably.

The mothers of these boys in almost every case encourage this thievery on the part of their children by accepting the fruit without question when it is brought home. Not many farmers are giving away apples and the boy who brings home a bag full with the explanation may well be suspected of stealing.

If the juvenile law held the parents liable for the wilful transgressions of their offspring, there would soon be a change either in the children or the law—the latter most probably.

### MRS. WHITNEY INJURED

While watching the Lowell Driving club parade on Merrimack street Saturday night, Mrs. Hattie E. Whitney of 52 South Walker street was knocked down by the crowd and painfully injured. She was removed in an ambulance to her home where she is reported to be resting as well as could be expected today. Mrs. Whitney is prominent in G. A. R. and grange circles.

### TIP TOP HOUSE BURNED

Blaze Broke Out in Defective Chimney and Building Was Totally Destroyed

MT. WASHINGTON, N. H., Aug. 30.—The Tip Top house was burned to the ground shortly after 7 o'clock yesterday morning. Inadequate fire fighting facilities made it practically impossible to fight the flames, which started in a defective chimney.

The house was not permanently occupied at the time, having been abandoned for all but storage purposes since the opening of the new Summit House about a week ago. The Summit is about 200 feet from the site of the Tip Top house and was endangered for a time by flying sparks, carried by the high wind, but escaped unscathed. The loss is variously estimated at from \$1,000 to \$3,000.

### NEW YORK CASHIER DIED

HINSDALE, N. H., Aug. 30.—Harold M. Rice of 663 Tenth street, Brooklyn, N. Y., cashier of the Broadway National bank of New York, died at the Elliot hospital in Keene, N. H., yesterday as a result of injuries received in an automobile accident here Saturday. Mr. Rice with his son, Harold Rice, Jr., were tearing this section of the state. Turning out for another car, the Rice machine skidded and went through a fence, over an eight foot bank. The younger Rice escaped with minor injuries.

## INDUSTRY COUNCIL R. A.

OUTING HELD YESTERDAY AT NABASSETT POND—RAIN INTERFERED

In spite of the inclement weather yesterday, a large number of members of industry council, 1722, Royal Arcanum, journeyed to Lake Nabasset in West Chelmsford and enjoyed the splendid entertainment afforded at the annual outing. The delegation, accompanied by several members of other councils left the square at 5.30 o'clock. At noon a bountiful dinner was served to about 150 hungry men. Following the repast remarks were made by officers and members of industry council and an impromptu concert was given. To the following committee, assisted by the council's officers, the success of the affair was due: T. H. Wilson, H. J. Chase, regent; John McKinley, G. H. Desjardis, G. L. Stafford, A. E. Rountree, J. E. G. May, J. J. Hogan, Thomas Campbell and James Tully. The return trip was made early in the evening, the party reaching the city around 6.30 p. m.

## STRIKES IN 13 PLANTS

MANY WORKERS RETURN TO THEIR ACCUSTOMED TASKS AT BRIDGEPORT TODAY

BRIDGEPORT, Conn., Aug. 30.—Many hundreds of factory workers who had been on strike recently, returned to their accustomed tasks today, their differences with employers over hours and compensation having been adjusted. In nearly every instance the workers had agreed upon the eight-hour schedule without a reduction in wage. The largest single delegation of returning employees was that of upwards of 800 girls at the Crown and the George C. Batchelder Corset companies.

At a meeting of employees of the Salt Texene Co., where 1500 are out, the plant is closed for two weeks, an announcement was made that work for 150 weavers and slaters can be obtained elsewhere. No one manifested a willingness to leave the city. The strikers are confident of securing a shorter work day and some changes in the shop system.

A conference will open here today to discuss the question of ordering a general strike against the Remington Arms and Ammunition Co. because of alleged discrimination against men in one trade and discharging of four men who served on a shop committee. This situation will be handled by T. M. Daly, national president of the Metal Workers, Buffers, Platers, Brass and Silver Workers of North America, assisted by two vice presidents of the union. The conference will include W. F. Johnston, national president of the machinists; John Hines, national president of the Sheet Metal Workers' union, and a dozen officers of other unions, who have been active here during the past two months.

While the conference will deal specifically with the alleged grievances at the Remington plant, those in it will plan the campaign to be opened in New Haven this week, and Waterbury and Hartford a little later in which the eight hour work day will be the chief demand.

The number of plants at which there are strikes today number thirteen.

## SINKING OF NORWEGIAN STEAMER

NEW YORK, Aug. 29.—Details of the torpedoing of the Norwegian steamer Tromsøfjord, which cable dispatches on July 29 announced had been sent to the bottom by a German submarine were brought here yesterday by the Norwegian bark Glance which arrived from Aalborg, Denmark. Capt. Birkenland of the Glance witnessed the destruction of the boat and, by order of the commanding officer, sent a message to the Tromsøfjord's crew until he sighted the Swedish steamer Orinda, enroute, to which he transferred them.

Capt. Birkenland declared that at the time the Tromsøfjord was overtaken by the submarine on July 23 off Sheetholm Islands, she was under command of a British prize crew, which was taking her into Kirkwall. After she was sunk, the submarine towed the small boat containing members of the crew to the Glance. They numbered 43 men, including six members of the British prize crew.

The Tromsøfjord left New York on July 13 last, bound for Bergen, Christiania and other Scandinavian ports. She was a vessel of 2730 tons net. The nature of her cargo was not given.

## RESERVE SCOUT FLEET

CHICAGO MAYOR HAS PLAN TO ORGANIZE POWER BOATS ON GREAT LAKES

CHICAGO, Aug. 30.—Mayor William Hale Thompson and Commodore James A. Pugh of the Chicago Yacht club will soon leave for Washington to lay before the federal government a plan to organize the power boats on the Great Lakes and elsewhere into a reserve scout fleet for volunteer war service at the call of the nation.

The plan contemplates that officers and crews estimated to total 300,000 men are to be trained in the use of rapid fire guns, torpedo tubes and wireless and other equipment. A government submarine will be asked for Chicago waters for practice with the local fleet of 200 power boats.

## REV. MR. BARTLETT'S SERMON

"False Anticipations" was the subject discussed by Rev. W. A. Bartlett, D. D., at the morning service at the First Baptist church yesterday. He said in part:

"Naaman, captain of the host of the king of Syria, was a great man with his master, and honorable because of him. Jehovah had given victory unto Syria. He was a mighty man of valor. But he was a leper."

"How many instances we know of where some one who is honorable and mighty in valor but yet has some disability or weakness?"

Rev. Mr. Bartlett also preached to a large congregation at the evening service.

# CATHOLIC CHURCH NOTES SCARCITY OF DYE STUFFS

CONFIRMATION WILL BE ADMINISTERED AT ST. MICHAEL'S CHURCH ON SEPT. 20

Next Friday will be the first Friday of the month and accordingly special services will be held in all the local Catholic churches. On Thursday afternoon and on Friday morning confirmation will be given the faithful. At St. Margaret's church there will be but one mass and this will be at 7:30 o'clock. In all the other churches masses will be celebrated at 8 o'clock for the mill people, while other services will be held at later hours.

The members of the Ladies' Society of St. Margaret's church will receive communion in a body at the 7:30 o'clock mass next Sunday morning.

Rev. John J. Shaw, pastor of St. Michael's church, announced at all the masses yesterday that confirmation will be held at the church on Monday afternoon, Sept. 20. The exercises will be held at 3 o'clock and the officiating clergyman will be Rt. Rev. Bishop Joseph G. Anderson, D. D. of Boston.

The celebrant of the parish mass at St. Joseph's church yesterday was Rev. Rosario J. Albert, O. M. I., while the sermon was delivered by Rev. Arnold J. Ryan, O. M. I. In the course of his remarks urged the parents to send their children to the parochial schools. The harmonized mass of the sixth tone was sung by the choir and at the offertory Miss Angeline Pinner rendered an "O Salutaris."

The lawn fete at St. Anthony's church closed Saturday night and was reported quite successful.

## TO GET ARMY OFFICERS

SEC. GARRISON DIRECTS WAR COLLEGE TO SUBMIT PLANS FOR SECURING ADDITIONAL MEN

WASHINGTON, Aug. 30.—Secretary Garrison has ordered the war college to submit plans for securing additional reserve army officers and a corps of reserve officers both for the regular army and for a volunteer army or other force which congress may authorize.

This step was taken with a view of recommendations to congress at its coming session.

Join Naval Reserve

To date 103 former enlisted men have joined the naval reserve established by act of congress approved March 3, 1915. Suggestions are being considered as to an amendment of the law so as to stimulate enlistment in the reserve. While the enlistment has not been large during the few months in which the law has been in operation, those in the naval reserve outnumber those in the army reserve.

## MRS. FRANK TO SPEAK

TO ATTEND PROTEST MEETING IN BOSTON TOMORROW EVENING—PROMINENT JEWS BEHIND IT

BOSTON, Aug. 30.—A protest meeting against the hanging of Leo Frank by a Georgia mob, will be held at Faneuil hall tomorrow night, when many prominent Bostonians will speak. Frank's wife will be present, and will make a brief address.

Word has just been received in Boston that Mrs. Frank will come here for a moment and it is expected that she will appear publicly since the burial of her husband in New York.

Mayor Curley has sent the committee word that he will speak, as has Congressman Gallivan and the Hon. William Murray. As a French, the well-known Boston lawyer, will preside.

This is the first meeting that has taken up the death of the Georgia manufacturer in Boston, and it is expected that it will be stormy.

At first Mrs. Frank did not wish to come here in regard to the recent death of her husband, but the committee waited on her, and finally received her assent.

Many of the prominent Hebrews of Boston are behind the movement to show the sentiment of the Jewish people in regard to the law as interpreted by the mob that lynched Frank, and wish to have the matter settled as far as Boston is concerned.

Rabbi M. M. Eliezer of the Union Park Synagogue is to open the meeting, and is also scheduled to speak from the side of the argument as given by him. He will follow Mayor Curley on the platform.

## BIG PARADE OF HORSES

LOWELL DRIVING CLUB FURNISHED AN ENJOYABLE NOVELTY FOR THE PUBLIC SATURDAY NIGHT

A novelty in the street parade line was that furnished by the members of the Lowell Driving club, Saturday night, when a parade of Lowell's fast and fine horses headed by the Sixth Regiment band. The paraders made a fine appearance and demonstrated the fact that the driver hasn't done away with all good horsemanship as yet. The parade was witnessed by an immense throng and much favorable comment was heard along the line.

The route of parade was through the streets illuminated by the city lights and took place shortly after eight o'clock. Few people realized that there were so many steps with records in town, and all greatly enjoyed a good look at them as they passed in review. The horses seemed to enter into the spirit of the occasion by appearing at their best and neither the crowd nor the band disturbed them in the least.

A. G. Titus' racer, Johnnie Brown, headed the parade, and all of the horses mentioned in Saturday's Sun were in line. Some were driven by ladies, and some were hitched in racing gigs, while others were in front of pleasure bitches and road wagons. One span of driving horses, seldom seen these days, attracted considerable attention.

Richard P. Murphy, who was quite seriously injured at one of the meets of the driving club, was in line in a racing gig, behind a fast one, entirely recovered from the effects of the accident.

"Dick" Greenhalge, son of the late Governor Greenhalge and one of Lowell's most enthusiastic horsemen, was in line, having as company Bill Davison, port, one of Dr. Sparks' horse experts.

Johnnie McNeese gave a class aspect to the parade by appearing with his stallion, black gelding "Cassius." True to his name, "Cassius" is too dignified to go fast, but he goes there just the same, and Johnnie wouldn't swap him for the best Ford that ever bumped a wheel.

The driving club is making elaborate plans for the opening of its new trotting park at Golden Cove, which event will take place on Friday day. The club desires a public support.

## JAPANESE CRUISER DISABLED

SAN FRANCISCO, Aug. 30.—The disabled Japanese cruiser Asama which went ashore near Turtle Bay, Lower California, early in February, is expected to arrive here today. The Asama is being conveyed by the Japanese naval repair ship Kwanto Maru which will be permitted to take on coal enough to carry her to the nearest home port. The cause of the Asama's grounding has not been made known. Her hull was damaged and masts were required to raise the vessel and repair the damage.

## DANCES AFTER LONG SWIM AUTO DASHED INTO POLE

CECILE VILANDRE SWAM SIX MILES AND THEN DID THE TANGGO

WORCESTER, Aug. 30.—Cecile Vilandre, aged 14, daughter of Charles Vilandre of Lake avenue yesterday swam the length of Lake Quinsigamond, a distance of between five and six miles. She weighs 115 pounds. She entered the water at the South End of the lake near Summerland road at 1:20 and swam continuously until she reached the Lincoln street bridge at 3:30, apparently as fresh as when she started. On leaving the water she was witnessed by a large crowd despite the cold rainy weather. Her parents and Mr. and Mrs. Charles Lundstrom and Mr. and Mrs. Oere Scribner accompanied the girl in town.

## CLOSED NEARLY A YEAR

STOCK YARDS IN BRIGHTON WERE OPENED TODAY—QUARANTINE LIFTED

BOSTON, Aug. 30.—The big stock yards in Brighton, closed to cattle from outside the state for nearly a year owing to the prevalence of the foot and mouth disease, were opened today for the receipt and sale of milch cows and other cattle from Maine, Vermont, New Hampshire as well as Massachusetts. The reopening of the Brighton yards is upon federal order. It is understood here federal modifications of the quarantine go into effect today in other states including Illinois, Indiana, Michigan, Minnesota and Pennsylvania.

## STRUCK BY TRAIN

Mrs. John Skerritt was struck by a west bound passenger train at the station, while waiting on the track near St. Mary's church. The train was stopped and Mrs. Skerritt was taken into the station and thence to her home in a carriage. Dr. L. D. Sullivan, who attended her, found that her left arm was broken between the shoulder and elbow and that she was badly shaken up. It was a very painful escape from a falling car. Mrs. Skerritt is reported as comfortable today.

## IN THE POLICE LEAGUE

BOSTON COPPERS ARE CONFIDENT  
OF LEAGUE CHAMPIONSHIP THIS  
SEASON

BOSTON, Aug. 30.—The last home game of the Boston team of the Police league will be played tomorrow morning at 11 o'clock at the Walpole street grounds against Cambridge. The local guardians of the law have won 12 out of 13 games and because of the dropping out of the Lawrence team, have only two more to play. Indications surely point to Boston winning the championship. Lowell is next in the standings, but lost two games, which, on account of Boston's strength, practically puts it out of the running.

It is said that the New York team intends to challenge the winner of this league. The Boston squad is already making plans for the trip to Gotham.

## DIAMOND DAZZLES

Double-header with Lynn here on Thursday.

We're on the home stretch and every day it rains will injure our chances for the first division for the games postponed this week will never be played off.

Lynn passes into third place and Worcester goes down a peg.

Lowell is three and a half games behind Worcester and four and a half behind Lynn. We still have a chance to get into the first division—and we can do it!

When Fish refused to run out a muff third strike in Saturday's game, Manager Kierman said: "Run them out—if you do that again I'll send you home." Fish gave him a look that was eloquently expressive and Jack had to smile himself. They're a trifle delinquent on salaries in Manchester.

Johanne Belger, the clever Manchester pitcher, viewed the game from the grandstand. Johanne, who is a neighbor of Jack Burns, Lowell's former captain and second baseman in Al. Winn's time, is a looker and has given up the game and is prosperously engaged in the insurance business in New London, Conn. Jack has many friends in this city who will be pleased to learn that the world is using him well.

Tam McCarthy, the well known Red Sox scout, attended the games. Spalding park, Saturday and while he didn't say much as to the purpose of his visit, it is believed that he was looking over Paddy Green. Paddy gave him something to look at, for he pitched half the game and was in the second, after pitching a nine-inning game the day before and he came across with a three-bagger in the eighth inning of the second game that spelled victory.

Frank Swayne was released on Saturday and at once proceeded to his home in Buffalo. Swayne was a willing worker and good player and made many friends while in town.

## GRAND CIRCUIT MEETING

YONKERS, N. Y., Aug. 30.—Two hundred of the fastest trotters and pacers in the country have arrived at Empire City park for the grand circuit meeting which opens Tuesday. It is estimated that horses worth close to \$1,000,000 are now on the grounds. Many of them came through by special train from Montreal and many more are recruits from the half-mile tracks. The stables of E. F. Geers, W. J. Andrews, Walter Cox, Thomas W. Murphy, Alonzo McDonald, W. L. Snow, W. H. McCarthy, A. S. Rodney, Nicholas Grady and Andrew McDowell are among those at the track.

Lee Axworthy, 2:03 1-4, unbeaten as yet this season, and Peter Scott, 2:05 1-4, winner of five straight races, arrived for the \$5,000 stake race for 2:08 trotters in which they are to meet on Tuesday. The famous pacer, Dictum, is that is to start to beat his own unequalled record of 1:58 on the opening day, also came through in fine fettle.

BEAUTIFUL ILLUMINATIONS IN  
FLOTILLA OF MOTOR BOATS SAT-  
URDAY EVENING

Over 700 people gathered along the banks of the Merrimack river and on the Pawtucket bridge Saturday evening and witnessed a most brilliant spectacle by the Lowell Motor Boat club in their second motor boat carnival of the season.

About 20 motor crafts with artistic decorations and illuminations took part in the event, and they made a very pretty picture. The decorations and lighting effects were varied and it was very evident that much time, trouble and expense has been incurred by some of the owners in preparation for the event.

## U. S. BUNTING CLUB RACE

BIG EVENT ARRANGED FOR LABOR DAY—FABRE AND KERONIN MATCHED

The chief topic of interest and conversation among sporting circles in Lowell today is the ten-mile race between Edouard Fabre, the French-Canadian champion marathon runner and Villars Keronin, the wonderful five mile runner and champion of America at that distance, which is scheduled to take place at Bunting park on Labor Day.

Considerable money is being placed on both men and both runners have a large following in this city. Their performances on the Bunting track have been the subject of much debate the last few days. The friends of Keronin point out that for 15 miles their favorite led both Duffy and Fabre in the Boston marathon two years ago; and as Keronin never posed as a marathon runner he is at his best at five or ten miles.

## KIMBALL SYSTEM WON

Kimball System defeated the Doringer-Oakleaves in a fast game on the Lowell campus Saturday by the score of 2 to 1. The batting of the White brothers and Duffy featured, while Lynch and McNally featured for the losers.

## CHICAGO CUTS TAXI RATE

CHICAGO, Aug. 30.—Chicago is to have the lowest taxi rate in the United States. It was made known today. A local taxicab company announced that it had reduced its fare for an average trip within the business district to 20 cents, a rate lower than that authorized by the city ordinances. The former rate was 30 cents.

## PADDY GREEN'S BIG DAY

LOWELL'S BIG TWIRLER GAVE  
GREAT EXHIBITION IN BOTTL  
GAMES

With no less a critic than Tom McCarthy, scout for the Red Sox to look him over, Paddy Green, Lowell's giant pitcher after winning a nine-inning shut-out game on the day previous, relieved Zeke Lohman in the fourth inning of Saturday's first game. In the five innings he pitched, for there were none out in the fourth when he went in, he allowed but three hits and struck out eight men while he contributed a scratch single himself, allowing but one base and hitting one runner so that no run was scored. The game was due for a victory but an unfortunate muff by Parker in the sixth let in two runs that lost the game. Then Paddy asked Manager Kellner if he might pitch the second game and Kellner, though surprised at the request, granted it and then Paddy proceeded to "win his own game."

The second game should be of seven innings and the manager, for fans were also quite agreeable to the proposition. But the close of the seventh found the score a tie, 1 to 1 and an eighth inning was necessary. Paddy decided to make short work of the game, at this point and being the first up hit one of his celebrated three baggers almost out to the centre field fence and scored a moment later on a single by Moulton. In the eighth inning he allowed seven hits but kept them scattered so that no runs were scored. Only three times did Manchester get to third base in the second game and each time an error helped them along a base and got them their one run. In two cases the runner was shut off at the plate. Paddy struck out six men in this contest and walked only one. It was surely a fine day's work for Paddy.

McGehean pitched for Manchester with a single over third base. Then Lohman struck out Spires. Burrows made a pretty catch of Briggs' long fly. McGehean stole second. Reed hit to White and was out at first.

Lowell got Smith in a bad hole in the first inning, scoring two runs with three men left on bases. Moulton drew a base on balls, and went to second on Parker's sacrifice. Munn fanned out. Moulton went to third on a wild heave. Burrows drew a base on balls. Dee singled, scoring Moulton. Burrows and Dee worked a double steal. Stimpson drew a base on balls filling the bags. White got a scratch single which scored Burrows. Ahearn flied out to McGehean.

Manchester tied it up in the second. Smith hit to Dee and went out at first. Torphy got a single, hitting to Lohman and beating Zeke out to the base. Kilhullen got hit by a pitched ball. Fish hit to Lohman who threw Torphy out at first. Kilhullen stole third base. McGehean rapped a hot one by Dee for a single and Kilhullen and Fish scored. Spires hit to White, forcing Smith at second base.

In Lowell's half of the second, Lohman hit to McGehean and went out at first. Moulton flied out to Kilhullen. Parker hit to the left field fence for a two base hit. Munn flied out to Kilhullen who made a pretty running catch.

In the third Briggs hit to Lohman and went out. Reed got a base on balls. Smith went out on a foul fly to White. Torphy struck out.

Lowell went out in short order in the third. Burrows hit to McGehean and went out. Smith took care of Dee's grounder and Stimpson sent a fly to Kilhullen.

Lohman blew up in the fourth inning and Manchester got two runs. Kilhullen, Fish and Smith each got infield hits, filling up the bases. McGehean hit a slow grounder to Dee and Kilhullen scored, beating the throw home. Then Spires got a short hit scoring Fish. At this point Lohman went out and Paddy Green went on the mound. Paddy finally pulled the team out of the hole. Briggs hit to Dee and Smith was forced out the plate. Reed fouled to Ahearn. Smith fanned out.

Lowell tied up again in their half. White and Ahearn the first two men up went out on grounders to McGehean. Green hit a bad bounding ball to Smith and got first. Moulton walked. Smith, in trying to get Green off first threw the ball away over to the bleachers and Paddy went all the way round and scored. Moulton got as far as third. Parker gave the ball a beautiful wallop to center field for three bases, scoring Moulton. Munn hit to McGehean and went out at first.

In the fifth Torphy was a victim of strikes. Kilhullen drew a base on balls. Fish fouled out to Ahearn and Smith struck out.

Lowell took the lead in this half, a double steal doing the business. Burrows got a base on balls. Dee bunted to Spires who threw ball to second and Dee got to first. Then Stimpson

MEET HENRY SULLIVAN IN DIS-  
TANCE RACE IN SALT WATER

Chas. Toth, the L Street Swimming club expert who was a participant in the recent swimming contest from Nantasket beach to Provincetown, in which Henry Sullivan of this city, won the American championship for endurance and the world's championship for the longest continuous use of the breast stroke, called at The Sun office this morning to announce that he will swim Sullivan at any time for an equal distance in salt water.

Mr. Toth does not dispute Sullivan's claim as to the championship, he says, but believes that as champion swimmer he should meet all who aspire to the championship.

## ROW AMONG THE ALLIES

BALL GAME BETWEEN C. M. A. C. CADETS AND LISBONS ENDED IN DISPUTE

By an alleged departure from the laws of strict neutrality the young man who was umpiring behind the home plate in the game between the C. M. A. C. Cadets and the Lisbon team at Lincoln park Saturday, precipitated a strained relations between the two teams and broke up what was going along as a "finely played and" closely contested game.

With the score 6 to 5 in the sixth inning and the C. M. A. C.'s at bat with a man on base, the batter knelt the ball which the manager of the Lisbons claims was over five feet foul. The umpire declared the ball a fair hit and a run was scored. Then came the discussion which resulted in the Lisbons withdrawing from the field of play and the manager of the team which retreated states that the Lisbons play the C. M. A. C. Cadets for a purse on neutral grounds with an impartial umpire, at any time. In the game two umpires were used and proved the exception to the rule that two heads are better than one. One represented the C. M. A. C. Cadets while the other represented the Lisbons, and it is claimed it was the C. M. A. C. umpire who declared the ball fair and caused the trouble. The C. M. A. C.'s are junior members of the we

profess to be a single old Joe Wood who the Lisbons are young Portuguese Americans.

## DIAMOND DAZZLES

Lowell will play here but three times more. A double-header with Lynn on Thursday. Lawrence will be here on Saturday and Pitchburg closes the season on Monday.

It was pretty cold at Spalding park Saturday, and yet there'll be good warm days after the season has closed.

Paddy Green looks like a pretty good prospect for faster company.

Parker has been hitting well in the past few games, though his muff Saturday took all the good out of his work otherwise. Not a long ago some of us hit a single off Joe Wood when he was with St. Louis.

McGehean, Manchester's second baseman was a busy fellow in the first game. He made three put-outs and assists without an error.

Frank Swayne wound up his career with the Lowell team by umpiring with Little Bransfield in both games.

Green batted for .500 in the two games along with his other fine work.

Lohman didn't take kindly to being shelved in the first game. It was good judgment, however, but it was done little too late.

Burkert appears to have gone bad and his team with him. Worcester is generally much in evidence in the closing games of the season. Now they are playing away from home for lack of patronage and they are not showing the steam that has characterized all of Burkert's teams of the past year.

Some of the fans who believe that the fans wait faster ball than the N. E. league can furnish.

## AMATEUR BASEBALL

The Bellevues and the Lawrence Mfg. Co. clashed on the Aiken street playgrounds Saturday and the game resulted in a win for the former by a score of 5 to 3. The game was closely fought all the way through and furnished many spectacular plays. The batteries for the Bellevues were Lawson and Edwards and for the Lawrence team Riley and Monahan. In fielding, Durkin and McDowell starred for the Bellevues and McFadden for the Lawrence Mfg. Co. team. Hogan of the Bellevues was easily the star at bat, making four hits with a total of nine, by defeating the Lawrence Mfg. Co.'s team it leaves the way clear to the Bellevue team for the city championship.

The P. & Q. South Ends had a new pitcher in Scott, Saturday, in the game at the South common against the Woodhines and Scott's was there with the goods. The South Ends winning by a score of 12 to 3. They want a game for next Saturday.

Over 1000 fans assembled at the Textile campus Saturday to see the two games between the C. M. A. C.'s and Diamond Springs of Lawrence and the Kimball System and the Dobbin-Oakleaves of this city. Both Lowell teams won. The Diamonds held the C. M. A. C. runners for three innings and the local boys got to them and the local score was 15 to 7. The Kimball Oakleaves score appears elsewhere.

The Westford A. A. defeated Torrington at Westford by the close score of 7 to 0 on Saturday. The interest in the game was such that the Graniteville team did not play in order that the members of the team and the Graniteville people might see the game.

The Red Sox defeated the Braves at Westford 5 to 7, in a fast game. Batteries for the Red Sox were Knigh and Searlet. Braves: Pomfret and Horfall.

## THE RUSSIAN SITUATION

One who has followed the war despatches from London, Petrograd or Berlin for the past few months may wonder that the Germans have been so successful in their offensive against the Russians while they have failed to advance in previous drives, but none of the allies seem to regard the situation as serious. Germany has captured many Russian fortresses, but in some instances the Russians did not wait long enough to make a heavy siege necessary, as they lacked the ammunition. Experts tell us that the German tactics are the most brilliant in the history of war, but they are equally enthusiastic in describing the success with which the Russians have retreated. Even a great Russian victory is occasionally predicted, and all the while the Russians are giving up territory and fortresses to the invaders.

Those who see something strategic in the Russian policy of hasty retreat find it that not many more weeks of favorable weather remain for the Germans to complete their triumph, and in the meantime Germany will have to pay a heavy toll for every foot of Russian soil invaded. Russia has her armies practically intact and with a sufficient supply of ammunition she could become once again a formidable antagonist. The Germans have been forced to keep tremendous forces in the east, and there is no immediate probability of a change which would enable them to send a great number of these to the western front. What the German objective is does not show as yet, for it is asserted by some that they will march on Petrograd, 300 miles away, by others that they aim to cripple the Russian army so that it cannot give them much trouble in future, and by others still that they will hold the invaded territory so as to secure more favorable peace terms. Certain it is that Germany is taking grave chances in the drive against Russia, as her armies are getting farther away from their source of supplies, while Russia keeps her army intact, saves her guns and supplies leaving little for the invaders to seize. That Russia will come back there is little doubt as she has issued a call for 3,000,000 more men. She can easily get the men but the trouble is to give them the proper training as soldiers. In a few months she will be able to resume the offensive and perhaps to drive Germany out of the territory recently seized. By the time the allies reach Constantinople Russia will be able to make a southern drive to meet the forces of the allies in the south. That will be followed by an extensive invasion of Austria and Germany. It may not take place before next spring but it is planned. The allies are only beginning to exert their real fighting strength, whereas Germany has been putting forth her utmost power for the greater part of a year. It is marvelous that she has accomplished so much but the war is not more than half over.

## LEADING THE WORLD

For the first time in our commercial history, we lead the world as an exporting nation; in other words, our manufactured products and our natural products have beaten all competitors, and we are fast becoming the greatest trading country in the world. So naturally and quietly has this come about that there is little jubilation or surprise, but the facts as published a few days ago by the department of commerce have raised shouts of optimism from one end of the land to the other. The government statistics answer all queries as to whether this country will ultimately benefit from the war; it is now sure that we shall have the lion's share of whatever prosperity will result.

America's exports for the last fiscal year were given as \$2,765,000,000, which was greater than that of Great Britain—hitherto the leader—by \$600,000,000. This is not due to the export of war munitions, which furnish only a small part of the total. It is due for the most part to the growing influence of the war on world trade, both belligerents and neutrals being compelled to look to this country for the foods and manufactured articles they cannot get elsewhere.

England is still keeping up a great trade record, but her exports have fallen off enormously, and the shortage of labor, the taking over of private concerns for government purposes, racial opposition in some neutral countries and other factors have lessened her power to compete with us. France is not to be considered during the war. Germany has no foreign trade at present while her merchant ships are interned and blockade rules the waves. Only America is working and planning as in time of normal commerce, and only America is reaping the blessings of peace.

In the government report there were some facts which are of particular interest to Lowell. One was the proof of the growing importance of the port of Boston which increased its total exports by 15 per cent during the last year. New York had an increase of 12 per cent and New Orleans of three per cent. Boston's gain was the

largest proportionate gain of any port in the country. This is what Boston's leading civic agencies have been working for, and not only Boston but all New England. Owing to its favorable situation, Boston is peculiarly adapted to export and import trade, and with the improvement of its transportation and shipping facilities, it promises to become the center of unprecedented prosperity, of which the backbone will be our foreign trade.

When Hon. John N. Cole spoke last year on the necessity for improving Boston's freight terminals and wharves before the board of trade of this city, he sketched the resultant improvement that would come to the mills and factories of Lowell as well as other manufacturing cities of New England. Much of our shipping to Europe is now made through New York and other ports, owing to the lack of facilities and the antiquated systems of Boston. In time these conditions will be improved and this section will have an upward trade movement of which the government report of exports gives a fair promise.

## THE TIPS AUTOIST

The tipsy autoist is one of the worst of the menaces that endanger the life and interfere with the happiness of ordinary mortals. There may not be many such auto pests, as compared with some other pests of society, but even one can do a great deal of damage when turned loose. Other forms of auto dangers may be palliated, but there is absolutely no excusing the fellow who operates an auto of any description while under the influence of liquor.

Not long ago Judge Riley of Malden, who has quite a reputation for bluntness of speech and direct action, classified the different varieties of drunks, with special reference to the social drunk. A day or so ago, he paid his respects to the tipsy autoist, in the following words: "Driving an automobile while under the influence of liquor is far worse than speeding or driving on excluded roads," and he backed up his little speech by fining an individual who was charged with that offense, fifty dollars. He also declared that in such instances he favors a revocation of the driver's license, unless there are extenuating circumstances such as he found in the case in point.

Judge Riley struck a popular chord in declaring that the tipsy driver should have his license revoked. This should certainly be done in all cases where the offense is repeated, and the toleration of the drunken driver by officials is almost criminal for it entails continued danger to the public. Occasionally the state acts and takes away a number of licenses, but the tipsy autoist is not taught by example. He will have to be dealt with directly and severely for his own sake as well as the sake of the public.

## GARRISON REPLIES

There is a certain quality of condensed sarcasm in the reply which Secretary Garrison made to Roosevelt's statement on the Plattburg speech; it strips the accuser of some of the glimmer with which he has surrounded himself. The ex-president had contended that as the secretary of war knew of his intention to speak to the citizen soldiers, and of the character of his speeches on such occasions, the responsibility was on Mr. Garrison and not on Major-General Wood. To this Secretary Garrison replied, referring to Roosevelt: "He is a very active man and I am a very busy one, and it's going to be a pretty hard job to keep my eye on him all the time."

There is a suspicion in this that the administration will very properly ignore the attacks of Col. Roosevelt, refusing to cater to his abnormal love of notoriety or to aid his political propaganda. The best way to render him harmless is not to refuse him opportunities to speak, but to give him ample opportunities to talk himself out of the little prestige he has left. Mr. Roosevelt's eagerness for verbal encounters and flat contradiction has been his political undoing, and as a weapon of practical politics his vocal gymnastics are far less effective than the silence of Wilson and the amusing comment of Garrison. When the element of originality or surprise is lacking, speeches do not make a strong hit, and the weakness of Roosevelt's activity is that he always says the things that the public expects him to say—things that few other prominent Americans would say at the present time.

## COLLECTING POLL TAX

The suggestion made at the state house before the special recess commission on taxation, viz: that the poll tax be abolished merely because it cannot be collected is a glaring confession of laxity and inefficiency in government. One member told the commission that in Boston two-thirds of the voters do not pay their taxes, and it is a reproach that in practically all cities, outstanding poll taxes are allowed to accumulate from year to year while burdens of taxation are piled on property owners.

Why cannot the poll tax of \$2 year be collected? Surely not because it

is unjust and not because it is excessive. It is very slight when one considers the returns that our cities give and no decent citizen would refuse to do his small share in contributing such a paltry sum to the public treasury. When in any city a large percentage of the tax remains uncollected, it is a reproach to the municipal government responsible, and steps should be taken to remedy the condition.

We have a law which stipulates that every resident of this state over a certain age shall pay a poll tax, and we have the means of seeing that such a law is enforced. We employ tax collectors and pay them for their services. If the law were enforced as it ought to be, there would be just two alternatives: either the poll tax would be paid or those neglecting to pay it would suffer the penalty. If the cities do their duty to all their people, practically the total amount of the poll tax could be collected, and the conditions that permit men to escape the consequences of their neglect are a disgrace to the state of Massachusetts. The poll tax should not be abolished; it should be collected—and from all the people who are bound to pay it and who have no real excuse to offer for not paying it.

## AMUSEMENT NOTES

### D. F. KETTER'S THEATRE

Today the fifth season of the D. F. Ketter theatre will open, with a collection of acts of undoubted excellence. These acts will be but the forerunners of many other, but the billings to be presented during the forthcoming weeks, and it is confidently hoped that the most successful season in the history of this handsome theatre will result. The booking lists have very carefully been looked over and what ever possible to do so acts of merit have been secured. The prices for the season are as in the past, that is 10, 15 and 25 cents at matinee performances, and 15, 20, 25 and 50 for evening shows. Every thing which has been insured comfort to the patron has been, and will continue to be, done. The theatre has been cleaned throughout. The ventilating system has been put in perfect order, and all of the accessories of a first class theatre will be provided. On the stage much work has been put in during the summer months. New scenery has been painted, new appliances have been installed and altogether, this theatre never looked quite as attractive as it does at the present time.

The feature act for the present is that to be given by Black Wyatts "Scotch Lads and Lassies." Wyatt is not unknown in this section, he having appeared here in past seasons. He is an uncommonly versatile man, with a keen sense of the appropriateness of things, and he has gathered around his troupe some of the best Scottish dancers, pipers and singers obtainable.

## WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Every woman ought to have Lydia E. Pinkham's 50-page Text Book. It is not a book for general distribution as it is too expensive. It is free, and only obtainable by mail. Write for it today. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## A PRIVATE HOSPITAL

55 MARLBOROUGH STREET  
Medical, surgical and obstetrical cases. Graduate nurses in attendance. Helen M. Garrett, R. N. Country for Nurses. Tel. 4522.

The tartans will surely be to the fore during the engagement, for the troupe of ten persons wear the lively plaid of Clan MacKenzie. It is well to mention one of the dancers. Her name is Miss Kepple, and she has appeared in this section many times in past years. Her home is Lawrence, and she is the youngest of the trio of sisters who have cultivated Scotch pairings for some 10 years past. She is not only pretty but an uncommonly good dancer of reels, flings and sword dances, and her work will be watched with real interest. The pieces are all seasoned men. They will give a medley of Auld Scotia's airs which will keep the feet a-tapping. Scotchmen will appreciate this act, but they will not be alone, for it holds all of the elements of real entertainment to it. Men and women of all races are sure to like it. Al and Fauny Stradman in their "Piano Capers" will very naturally follow to second position on the bill. The twins are real entertainers. They act only to tickle the nerves, but they are not without their audience as well with their refined but complete stage performance today and tomorrow. A Keystone comedy, featuring Charles Chaplin is one of the films to be shown besides the feature. Coming Wednesday and Thursday, Mme. Olga Petrova in "The Heart of a Painted Woman."

CANOE LAKE  
Another big week of hammer vaudeville opens today at Canoe Lake Park theatre with daily matinee and evening performances. Babe and Murray will offer a pleasing variety of dancing act, with which they have been scoring such unusual success in vaudeville the past two years. Margaret Murray is a Lawrence girl and besides her thousands of friends in her home city, she also enjoys a wide circle of warm friends in Lowell and vicinity.

Paul Tichener and Co. presenting "The Musical Flower Garden" will be a familiar attraction to thousands, the act having appeared in all of the principal theatres throughout the entire country.

Murphy and Delmar in their screamingly funny comedy skit "The Raw Recruit" have appeared in all of the principal theatres and their act is one long to be remembered for the abundance of fun there is in it. Victor, the ventriloquist, will offer an astounding exhibition of voice manipulation.

Hi Larity, "that comical fellow" will offer the fifth act on the big bill and his offering is cheerful of fun and merriment from start to finish.

ACADEMY OF MUSIC  
Charlie Chaplin's latest success, "The Bank," and the irresistibly funny production, "Stop Thief," from the Edison-Kleine studio, are the principal attractions at the Academy of Music the first three days this week, afternoon and evening.

Of the Chaplin piece, it is unnecessary to speak, except to say that it is presented here for the first time, being directly from the studio. "Stop Thief" is a story of a double wedding in which appear two genuine crooks and two kleptomaniacs. The latter are a millionaire whose two daughters are about to be married, and a bridegroom, whose intentions are right, but whose actions are wrong. The crooks are a young woman of light fingers thrust upon the wedding ceremony as a maid, and her sweetheart, a confirmed burglar.

The double wedding gives opportunity for stealing many presents, and innumerable thefts, evolutions, and situations complicated and full of humor developing. It is a constant laugh from start to finish. How the author manages to bring everything to a happy conclusion must be seen to be appreciated.

Attention is called to "amateur night" Thursday. Manager Lyons has several very ambitious ones booked for a first appearance.

REVENGE FOR SLAYING OF SHERIFF TAKEN BY MOB AT SELFURCH SPRINGS

SELFURCH SPRINGS, Tex., Aug. 29.—Revenge for the slaying of a deputy sheriff and the fatal wounding of Sheriff J. R. Butler, was taken by a mob here late yesterday when King Richard, a colored, seriously wounded, and the body of his brother, Joe, killed in a fight with a posse, were burned at the stake in Buford park.

Earlier in the day the two men, resisting arrest, had shot and killed Deputy Sheriff Nathan A. Eppen and inflicted wounds on Sheriff Butler, which physicians said last night would cost him his life.

There discovered the two in a thick brush. A battle followed and Joe Richmond was killed and King Richard seriously wounded. A large crowd was waiting the posse on its arrival here and insistent demands were heard that the two men be burned in the public square. Influential men urged that the law be allowed to take its course, but the crowd was too excited with the wounded man and the body was taken to Buford park on the outskirts of the city and burned at the stake.

## BIG SHIPMENT OF GOLD

NEARLY \$20,000,000 IN GOLD AND \$25,000,000 SECURITIES RECEIVED FROM ENGLAND

NEW YORK, Aug. 30.—Nearly \$20,000,000 and securities worth about \$25,000,000, the second large shipment sent from London to strengthen America's credit in this country, arrived early yesterday as a special train of steel cars, guarded by 55 armed men. The shipment came direct by rail from Halifax, N. S., to which port it was brought by a British warship conveyed by smaller craft. On the way to New York, the train was preceded by a pilot engine and car. The gold and securities were consigned to J. P. Morgan & Co. for account of the British government. The train was made up of seven all-steel cars behind a dining car and coach. The gold was stacked in 700 cases and the securities were placed in eight larger cases. Each gold-filled case weighed 100 pounds.

After the cases were passed from the train to automobile freight trucks under the eyes of the guards, an operation consuming an hour, the procession of trucks, numbering 22, with their armed guards on each side, started for Lower West Side to the United States sub-treasury in Wall street, where it was deposited. Few but early church-goers noted the novel sight.

The first big shipment of gold and securities received here on Aug. 21, included about \$12,500,000 in gold and \$15,000,000 in securities and arrived in much the same manner.

## OWL THEATRE

A new contract brings Metro pictures at the Owl theatre from now on. These pictures were the vehicle for Keltia's circuit all summer, and the vaudeville season coming on, Lowell will still be able to appreciate these delightful pictures at the Owl theatre. The first Metro to be shown is "Her Great Match" featuring Gail Kane, that attractive stage star in Clyde Fitch's touching romance "Her Great Match" is a unique romance, unconventional but highly probable, of the love between Jo Sheldon, a foreign prince who forsakes his own country, and becomes an American citizen, and he and his wife happily with the aid of his own choice, five wonderful parts, a select cast, and over 300 scenes are necessary for the story. You will like this most offering, one of distinction and refinement. Note Owl prices have not changed, five dollar boxes, and the complete stage show performance today and tomorrow. A Keystone comedy, featuring Charles Chaplin is one of the films to be shown besides the feature. Coming Wednesday and Thursday, Mme. Olga Petrova in "The Heart of a Painted Woman."

Bathe your face for several minutes with Resinol Soap and hot water, then apply a little Resinol Ointment very gently. Let this stay on ten minutes, and wash off with Resinol Soap and more hot water, finish with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing Resinol medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.

Resinol Ointment and Resinol Soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and chafing. Sold by all druggists. Samples free. Dept. 31-R, Resinol, Baltimore, Md. Speedily relieve sunburn.

tons of gold, worth nearly \$20,000,000 and securities valued close to \$25,000,000 are in the vaults of the United States sub-treasury here today to help pay for Great Britain's huge purchases of war munitions. The gold and securities arrived yesterday from London via Halifax, consigned to J. P. Morgan & Co., purchasing agents for the British government.

The gold is American coin which had been shipped to England in years of trade indebtedness by this country to England, and the securities are all American issues. This shipment, it is estimated, brings the grand total of gold and collateral sent here by and through Canada since the first of the war, to \$172,000,000. During the same period, however, about \$20,000,000 was sent from New York to the account of the Bank of England at Ottawa, but this was in the early months of the war, before the trade balance shifted to this side of the Atlantic.

## REV. MR. WEDGE SPEAKS

FORMER PASTOR OF WORTHEN STREET CHURCH DELIVERED SENSIBLE DISCOURSE ON WAR

Rev. Arthur P. Wedge, formerly pastor of the Worthen Street Baptist church, but now special representative of the Society for the Propagation of the Gospel Among the Indians, preached on topics relating to the European war at both services at the Calvary Baptist church yesterday. In his morning sermon, Rev. Mr. Wedge said: "That from all accounts all of the monarchs of the nations at war have prayed to God as the Old Testament records the praying of war-engaged kings in the old days. They have prayed literally to a god of war, but have not seemed to recognize the Christianity of peace and love."

"The war was begotten through jealousy of one kind or another, one nation feeling jealous of another because of commercial supremacy, and other harboring the jealousy of seeing one exceed in its prosperity, and so have all of them known that most insidious of knowing cankers. It has been a return to the old tribal religion, born of intense nationalism and forgetting that there is a greater religion, nationalism, which should bind all men of all races and nations together. The war has emphasized the cleavage, the exaltation of one race above another."

"The United States has emphasized its nationalism a little too much, even though it has not departed from the stage of neutrality. While we are selling munitions to belligerents, and making much money thereby, we should not lose sight of the fact that all men are brothers, or should be. Real neutrality should manifest itself in the spirit of love toward all those who are struggling against each other. The teachings of Christ do not contain anything which tells us that warfare is necessary."

"The preacher felt that the church has a greater responsibility at the present time than it has ever had before. The real essence of Christ's teachings are more needed in the world today than at any time in modern history, he said. The only true interpretation of God may be found in the teachings of Jesus Christ, who was the prince of peace."

## RURAL DELIVERY SERVICE

WASHINGTON, Aug. 29.—Postmaster General Burleson announced last night that he would ask the next congress for an appropriation of \$15,000,000 to provide rural delivery service during the fiscal year beginning July 1, 1915. The last appropriation for this purpose was \$13,000,000 and the department plans to save the \$1,000,000 without reducing efficiency. The amount to be asked \$15,000,000 will be used to maintain the service as it is now organized and the remaining \$1,000,000 will be expended on new routes and improvements.

## SLEEPYTIME TALES

HOW CRABBE WAS NAMED.

Once upon a time Jackie and Laura went out on the beach to catch crabs. They dug among the rocks and as they found them, laid them on the dry sand and covered them with wet seaweed. Laura said if you did that they could not crawl away while you looked for more.

They had gone quite a little way from the spot where they had left the crabs and were coming back with more, when Jackie caught sight of something digging near where they had left the crabs.

"Look, look, Laura," said Jackie, "I believe there is a dog digging up our crabs."

They ran to the spot and there was a little dog with a crab hanging on to one of his front paws. The dog was jumping and barking with pain, and it was some time before they

could get his paw free. The dog had dug at the seaweed and nearly all the crabs had crawled away.

Jackie was very angry but Laura only laughed and picked the dog. When the children started for home the dog trotted along behind and, although the children tried to send it back, it wouldn't go.

As no owner for the dog could be found the children were allowed to keep him and they named him Crabbe, "Crabbe" and the children would go to the beach each day to play but Crabbe would always run when the children found a crab and showed it to him, and the children said that he hadn't forgotten how it hurt when the crab got hold of his paw and he didn't want that it should happen again.

"I think he was a very wise dog, don't you?"

What might have been a very serious automobile accident occurred last night on the boulevard in Tyngsboro when a large New Hampshire touring car struck Mrs. Fred Hall of Tyngsboro and her two daughters. The accident happened about 8.30 o'clock. All were thrown to the ground and Mrs. Hall was dragged some distance. Mrs. Hall is suffering from a nervous shock and a severe shaking up, while the two daughters were unharmed.

## ZEPPELINS REPAINTED

PARIS, Aug. 30.—Germany's fleet of Zeppelins has been repainted a leaden gray, similar to the color of the battleships, which renders them difficult to see even when flying beneath the clouds. A telegram from Zurich published in the Milan Stampa says that during recent flights over Lake Constance, Zeppelins appeared in their new dress. The latest models are reticent large fish. Both ends taper, so that they have lost to some extent the familiar cigar shape.

## BIG GRIST OF DRUNKS

**MANY IMBIBED TOO FREELY ON  
SUNDAY AND APPEARED IN PO-  
LICE COURT TODAY**

Intoxication cases prevailed at the forenoon's session of police court, 25 men and two women being called before the judge for drinking too freely of the bad old stuff.

There were present also about a half-dozen other offenders charged with minor offences. Associate Justice Pickman presided and Clerk Savage officiated after a two weeks' vacation.

Four men were arrested yesterday by the police and taken to the division house and booked on a technical charge of being "drunk on Sunday." They registered as Joseph Tribue, Peter Rondeau, Ernest Poulin and Oscar Daigle and when their names were called Patrolman Maloney stepped forward and charged them with the offense that the quartet was acting contrary to the laws of the Sabbath. Each was ordered to pay a fine of three dollars before next Monday morning.

A wedding in the vicinity of Lakeview avenue yesterday resulted in the appearance of Michael Korsak, accused of the murder of a woman, who was badly battered up and he claimed to be the victim of blows from his compatriots. A \$3 fine was also imposed.

Drunkenness and assault and battery upon James M. Freel were the charges preferred against James C. O'Loughlin yesterday. After pleading for the defendant, pleaded guilty and appealed to the court for a suspended sentence. This was finally agreed to and O'Loughlin was given time to pay a \$6 fine on the drunkenness charge. The assault case was placed on the calendar.

Elizabeth Harris, a fourth offense was committed to jail for four months and Charles J. McKenna, also an old timer, will spend the next five months at the Thorndike street institution.

In the other cases fines and suspended sentences were imposed at the recommendation of Acting Probation officer Dowd and Deputy Downey.

Francis Flaherty, a neat appearing young man, who was arrested in Portland, Me., and brought to this city charged with the larceny of \$3.00 from a relative named John O'Connell, was before the court and at the request of his counsel, a two week continuance was granted. Flaherty pleaded not guilty.

## EXPLOSION HEARD HERE

The sound of the Acton explosion on Sunday morning caused considerable excitement in this city. Some people thought it was another South Lowell explosion, but this idea was soon dispelled by the fact that it was a considerable distance away. Anyhow there is nothing at South Lowell to cause a big explosion.

The force was not so great but the sound was very much louder than the South Lowell explosion of 1903.

An amusing thing about the case was that watchmen at the Lawrence street plant of the W. C. Cartridge company thought the explosion came from the South Lowell plant. The watchmen at the latter place knew that it was at Acton. Mr. Tom Lynch, watchman at South Lowell, said he saw the light rise in the air at Acton quite a little time before he heard the sound of explosion. That is explained by the fact that at the ordinary rate at which sound travels it takes about 15 seconds to pass from Acton to Lowell.

There was no glass broken in this case but some houses were felt to shake and the dishes were rattled in

Washington officials make the program available from the German point, but it will also afford opportunity to demonstrate to

the absolutely impartial state of the United States as a neutral. There is no doubt here now that Wendell Wilson is eagerly awaiting opportunity to assert the rights of the United States against the United Kingdom. It is very likely that he will move in this direction as soon as the submarine issue is disposed of, and if he can bring Britain to make concessions, Wilson now seems disposed to make it is acknowledged here that he will then transfer his public policy to offer his services as a mediator in a great war.

## AVIATOR INTERRED ANEW

**FRENCH AIRMAN RETURNED TO SWITZERLAND AFTER HIS ESCAPE FROM INTERMENT**

PARIS, Aug. 30, 3:45 p. m.—Eugene Gilbert, the French aviator, whose return to Switzerland after his escape from internment in that country was ordered by the French government, arrived in Bern yesterday escorted by Capt. DuFour of the Swiss army according to a Havas news agency despatch today from Bern.

The aviator whose recent escape was said to have been effected after he had withdrawn his promise not to try to get away, was received by the Swiss staff and informed that he was considered as an officer interned without having given his word of honor.

Gilbert arrived this morning at the village of Hossenthal where he was interned anew.

All the Swiss papers declare that a most excellent impression has been created in Switzerland by the return of Gilbert.

## THE ARABIC CASE

**Pres. Wilson to Remain in Washington Until Incident is Settled—May Not Return to Cornish This Season**

WASHINGTON, Aug. 30.—President Wilson decided definitely today to remain in Washington until the situation between the United States and Germany is cleared up.

Officials have been urging him to go to Cornish, N. H., for a rest, but he has announced that he will stay here pending the receipt of further word from Berlin.

The President, it was said authoritatively, has been led by the statements of Count Von Bernstorff, the German Ambassador to Sec. Lansing and reports received from American Ambassadors Gerard at Berlin, to hope that a solution of the long pending controversy with Germany will be found.

He is waiting, however, for the Imperial government's formal disavowal of the attacks on the Arabic and assurances that the lives of Americans traveling on unarmed merchantmen will not be endangered again.

The President had planned to spend the entire month of September at Cornish, but today it was said to be unlikely that he would return there at all this year.

Count Von Bernstorff left yesterday for the summer embassy on Long Island. He still was confident that within a short time a formal communication would reach Washington from the Berlin Foreign office, disposing of the situation growing out of the sinking of the Arabic and leaving the way for an amicable adjustment of all issues between the American and German governments.

The ambassador probably will not return to the capital until the note from Berlin arrives.

## MATRIMONIAL

Pierre Houle and Miss Laura St. George were married yesterday afternoon, the ceremony being performed at St. Joseph's rectory by Rev. Charles J. O'Neil. The bride wore white crepe de chine and carried a bouquet of white roses. She was attended by her father, John St. George, while the bridesmaids' dresses were Armand Petit, brother-in-law of the bride. At the close of the ceremony the bride and groom were taken to the home of the bride's parents, 211 Cheever street, where a wedding dinner was served, followed by a reception. Mr. and Mrs. Houle will make their home at 211 Cheever street.

Green-Mullin

A very pretty wedding was solemnized at 10 o'clock this morning at St. Peter's rectory by Rev. Joseph Wallace Green and Miss Katherine Louise Mullin were united in marriage, the wedding ceremony being performed by Rev. W. George Mullin. The popularity of the young couple made the event of unusual interest. Mr. Green is a well known merchant on Broadway, while Miss Mullin is the prominent soloist of the Immaculate Conception church choir. The bride was becomingly attired in white chiffon broadcloth and carried a bouquet of pink and white roses. The best man was Mr. Paul A. Green, a brother of the groom. At the close of the ceremony a reception was held at the home of the bride's sister, Mrs. Thomas Coleman, for the immediate family and relatives of the contracting parties. The happy couple left soon afterward on an extended honeymoon trip and upon their return they will make their home at 193 Wilder street.

## RAPS CHAIRMAN WALSH

**GOV. CARLSON OF COLO. CHARGES HIM WITH SPREADING "MENACE" STATEMENTS**

DENVER, Colo., Aug. 30.—Governor George A. Carlson last night issued a statement charging that Frank P. Walsh, chairman of the Federal Commission of Industrial Relations had spread "menace" statements regarding the political and industrial conditions in Colorado.

"Mr. Walsh with vicious and subtle cunning, is inciting the domination of Rockefeller to an overwhelming majority," of Colorado citizens," ran the governor's statement. "With the philosophy of the mountebank and the prestige of federal authority, he slyly seeks to transfer to our people the prejudices of the nation against this man of wealth."

After declaring that the people of the state at the 1914 election definitely decided against strike violence, the governor continued:

"By nature a mountebank and a sensationalist, he (Walsh) did not tell the truth because the truth concerning Colorado is not wanted by the yellow press of the nation and those arid, chisled elements whom he represents."

## ARRESTED AS A DESERTER

**NORTH CHILSFORD YOUNG MAN TAKEN TO BOSTON BY LOCAL OFFICERS**

Charged with being a deserter from the United States navy, Owen F. McEnaney, aged 27, of North Chilsford, was arrested near Middlesex St. Saturday night by Patrolmen Cullen and Drewell and this morning taken to Fort Andrews in Boston, where he was given a trial. The police claim that the young man enlisted some months ago, but recently, it is alleged, violated the conditions of his tenuous enlistment by stopping in the vicinity of Lowell.

## SWINDLES OF \$500,000

**MAN ALLEGED TO HAVE MAINTAINED DUAL IDENTITY FOR YEARS ARRESTED**

ST. LOUIS, Mo., Aug. 30.—After maintaining for years, as alleged, a dual identity of banker and prominent citizen of Forest City, Ark., and forger of many documents in other parts of the country, John W. Kline of St. Louis, was under arrest here today.

He has confessed, according to detectives, of swindles aggregating more than \$500,000.

As a bank director in the Arkansas city Kline was known as John W. Hornbush. He was arrested here last night. He had escaped jail two weeks ago, the police said, from Waukesha, Wis., where his methods in attempting to mortgage property brought him under suspicion. Complaints against Kline alleged that he was his method to go into a rich farming community, inquire for a good farm he might buy, and get acquainted with men of money.

When he had selected a farm, it was charged, he either borrowed the deed and made out a bogus deed to himself, or he bought the farm, paid for it by check and took possession of the land. As soon as the deed was safely recorded in his name, Kline, his accessories said, mortgaged it and by the time the check was returned marked "no funds" he had gone back to Arkansas to become a banker again.

SAGAMORES' CONTRADICTION

A member of the Sagamore club called at the Sun office today to contradict a sensational story of a fire at the club quarters on Bowers avenue last week. There was a slight blaze that scorched the woodwork near the stove, but that was the extent of the damage. "The statement that there was any gasoline in or near the camp," said the member, "is absolutely false. Kerosene is used when needed but with due care."

## POWDER MILL EXPLOSION

**Continued**

plots gained wide circulation, arousing the fears of the townspeople.

It was learned that the doors and windows of the mill were securely barred Saturday night after a complete inspection of the interior. A workman said:

"We are not allowed to talk to the press, but that mill was left in a safe condition on Saturday night, and we knew it could not blow itself up. No one ever smokes there, and fires of any sort are banned. Further, it is situated in a lonely spot in the woods, half a mile from the nearest building."

The explosion will temporarily cripple a plant that was a large factor in furnishing the supply of ammunition shipped from this country to the allies. The building destroyed was the glaze mill, the department that puts the finish on "new powder." It uses machinery that has to be made to order, and this cannot be obtained for several weeks at least. Meanwhile, the entire plant, which has been working to capacity with three shifts of men, will have to remain idle.

Lightning Destroyed One

The powder company had two glaze mills working until four weeks ago, when a terrific thunder storm swept down through Powder valley and the section is known. Glaze mill No. 1 was struck by lightning and in the explosion that resulted the building and machinery were destroyed. Since then all the glazing has been concentrated in mill No. 2. This was a newer building, and a permanent structure, in contrast to the "shell" mill, which was used for their main manufacturing. It was considered a "safe" mill and the officials made no haste to rebuild mill No. 1 as an auxiliary. After the explosion yesterday morning, however, preparations were begun for immediate rebuilding.

Acquainted as Maynard and Acton residents are to explosions in the powder works, they were terrified yesterday morning because of the unusual force and the length of the roar and shocks. At 2:40 a low rumbling was heard, followed by two sharp bangs and a series of lesser explosions that sounded like a cannonade.

Houses Trembled

Panes of glass cracked and fell from the windows, the houses trembled, pictures fell from the walls, ornaments from the mantelpieces, and china from the shelves. The trembling continued for fully 10 seconds, as if the town was shaken by an earthquake. Some persons say they were awakened, jumped from their beds and ran to windows before the tremor stopped.

The damage was particularly heavy in Maine and Nason streets, the two principal business thoroughfares of Maynard. Among those whose business places were damaged were the dry goods establishments of W. B. Case and Stanley & Co. A dozen other concerns also suffered, and today carpenters were busy boarding up their windows to safeguard their stocks.

Panes of glass splintered showering sidewalks and streets. Nason street business places appeared to have been bombarded while Maine street, as one Maynard man put it, looked like a glass factory's back yard.

The actual loss to the powder company will not exceed \$5000.

## DUE TO ACCIDENT

**Action Authorities Convicted Explosion Was Not Caused by any Outside Influence**

ACTON, Aug. 30.—Convinced that the blowing up of the glazing mill of the American Powder Co., yesterday morning was due to an accident, the local authorities made no effort today to continue investigation of the explosion. Several persons were questioned regarding their knowledge of the affair, but no definite information was obtained. It was believed by officials of the company that the explosion was similar to others that have taken place at the plant.

## MYSTERIOUS FIRE

**Shrapnel Plant of E. J. Codd Co. at Canton, Ohio, Damaged—At Work on War Order**

BAITIMORE, Aug. 30.—The plant of the E. J. Codd Co., machinists, at Canton, a suburb, was damaged by fire of mysterious origin last night. The company recently had secured a sub-contract for the manufacture of shrapnel casings, and the shops were being refitted for the work. It is feared that a considerable part of the machinery was damaged. Three large storage oil tanks 50 yards away were not reached by the flames.

## THREAT TO WRECK TRAIN

**Plot to Throw Train Loaded With Gun Cotton Off Track Near Gary Where Minister Was Murdered**

CHICAGO, Aug. 30.—An attempt to wreck a train carrying enough gun-cotton to blow up the whole town of Gary was discovered last night at the height of the excitement which has developed with the exposures of secret agitation and spying in the search for the motive and the murderers in the case of the Rev. Edmund Kasper.

Fifty feet north of the Acton powder works, three miles east of Gary, Ind., the storm centre of the plots against shipments of war munitions to England, was found a palpable and unrelenting effort to derail a train due to leave the works late last night for the United States.

The rivets of a plate holding together the ends of two rails had been gripped or chiseled off and the end of one of the rails had been crowded about six inches out of line.

Officials of the mill declared that the gun-cotton shipment in water tanks had been blown up by the town of Gary, and that the town of Gary had been blown up by the town of Gary.

The attempt to wreck the train succeeded. They were of the conviction, however, that there had been a deliberate plot to throw the train off the track by men banded together in work similar to that which Kasper had openly and unobscuredly pursued.

Chief Heints of the Gary police was unusually reticent all through the day, hinting that he was working on a "big angle" that would clear up "the mystery."

The revelations of the past few days have brought about a substantial change in Gary, which, as the result of the probing into the affairs of Kasper, has been unfurled as a honeycomb of plots and counterplots for and against the shipment and manufacture

## EXPLOSIVES AND WAR SUPPLIES

**Violence Which Had Been Kept Secret Has Been Brought to Light**

Delaware Factory Was Blown Up Yesterday and Two Men Were Killed

WILMINGTON, Del., Aug. 30.—Two workmen were instantly killed and considerable damage was done to property by an explosion of two black powder mills of the DuPont Powder company in the upper Hagley yards, near here yesterday. The victims are Lawrence Cunningham, aged 46, of this city, and Hugh Gillespie, 35, of Hazleton, Pa.

The two reports were terrific, being heard more than a dozen miles away. Hundreds of windows in nearby houses were broken. Several hundred pounds of powder exploded, completely destroying the mills. The first to go was a fuse mill, and this set off a second plant nearby.

The cause of the explosions has not been determined, but officials say it probably was due to a spark or to grit in the powder.

Several weeks ago Cunningham dragged his brother to safety from a burning mill after a powder explosion.

## DYNAMITE EXPLOSIONS

**Chas. Respa Held For Alleged Connection With Explosions in Ontario Two Months Ago**

DETROIT, Aug. 30.—Charles Respa of this city, who was arrested last night on Bois Blanc Island, Canadian territory, for alleged connection with the dynamite explosions at Walkerville, Ont., two months ago, will be arraigned today. He had gone to Bois Blanc on a picnic excursion.

It is charged that Respa was one of the three persons of German descent living in Detroit, who had conspired to destroy the Peabody overall plant at Walkerville, the Windsor armory, and other buildings used for artillery purposes.

William Leffer, who is serving a term of 10 years in the penitentiary at Kingston, Ont., is alleged to have implicated Respa and Albert Katschmidt, another Detroit, in a confession. Katschmidt is living in Detroit. He cannot be extradited.

"STATE SHOOT" AT WAKEFIELD

WAKEFIELD, Aug. 30.—The tenth annual convention of the New England Military Rifle association, made up of teams of 12 first members from each state militia regiment, was opened on the range here today. The shoot will continue to Sept. 4.

"The state shoot" and efficiency matches of the association were scheduled to take up the whole of today's shooting. The meeting is under the direction of Col. J. D. Upton, chief of ordinance. The competition is expected to develop some high scores as many of the teams have been engaged in steady practice during the summer.

The big event of the tournament will be the recreational championship of New England, the Interstate-Hayden matches on Friday for the state team championship of New England and the First Corps Cadets match on Saturday for the company championship of New England. Other matches are on to the United States army, navy and marine corps teams and to veteran association teams.

Teams representing nine Massachusetts militia organizations started on the annual shoot for the tri-color emblem of the state championship. Two ranges, 500 and 600 yards, were shot during the forenoon, with the First Corps Cadets leading in the team total. The result follows:

## FUNERAL OF EX-GOV. LONG

**SIMPLE SERVICES AT KINGHAM CHURCH TOMORROW—MILITAMEN AS GUARD OF HONOR**

BOSTON, Aug. 30.—The funeral of ex-Governor John D. Long, who died Saturday afternoon at 2:45, in the Unitarian church, Hingham, and will be simple in character, in conformance with the wishes of the departed patriot and statesman.

The body will lie in state but one hour, between 1 and 2 o'clock, in the church, and on request of the family there will be no public exercises.

The services will be conducted by the Rev. Charles E. Park, formerly of the New North church of Hingham and now of the First Unitarian church of Boston, who will be assisted by the Rev. Louis C. Cornish, formerly of the Old church of Hingham.

There will be no quarter singing, the congregation joining in singing a few of the hymns, which were favored by the late Mr. Long, and there will also be a violinist.

Burial will be in the Hingham cemetery, and there will be an old-fashioned funeral cortege, the guests walking behind the casket with the exception of the widow, who will ride in a carriage.

Six members of company K, Fifth Regiment, will guard the casket when it lies in state in the church, and will act as honorary pall bearers. Miss Margaret Long, the only daughter of the ex-governor, who is a physician in Denver, Colorado, arrived in Hingham last night.

During the time in which the funeral service is being conducted all stores and shops will be closed in Hingham, flags will be half-masted and the famous Hingham chimies will toll a death knell.

Hundreds of telegrams and letters together with telephone calls were received by the family yesterday, expressing sympathy with their bereavement.

HELD IN HIGH ESTEEM

**Tributes to Character and Work of ex-Gov. Long Heard on Every Hand Yesterday**

BOSTON, Aug. 30.—The news of the death of ex-Gov. Long came as a surprise to the general public yesterday, as the seriousness of his illness was not known outside the immediate family, expressions of regret and tribute to his high character were heard on every side. A few of them follow:

Charles C. Mann, treasurer Massachusetts Total Abstinence society, of which Hon. John D. Long was president: "In the death of John D. Long the cause of temperance has lost one of its ablest and most consistent champions, and the Massachusetts Total Abstinence society one of its finest personalities. He was president of the society for a great many years. He was a man who all his life long turned his glass down. Through all his public career, as governor, congressman and secretary of the navy, by example and precept he strove to advance the cause of total abstinence from alcoholic beverages."

Ex-Gov. William L. Douglas: "I was very, very much shocked to hear of Mr. Long's death. He was a very delightful man, a man of broad views on all subjects. He was a national figure, but not a very intimate with him, but had a very great respect for him."

Chief Justice Rugg of the supreme court:

"The death of John D. Long removes one of the most useful and justly distinguished of the sons of Massachusetts. He was a strong leader of thought and molded public opinion toward finer ideals of practical statesmanship."

"During his term as governor he appointed all the justices of the supreme judicial court, yet such was the keenness and accuracy of his judgment of men that, with these appointments new to their task, the standard of Massachusetts jurisprudence was fully maintained and the confidence of people and bar undisturbed."

"His energies were devoted to the cause of temperance through a long period of years. Rich in the possession of varied faculties and large abilities, his life was kindled with the enthusiasm of genuine good will."

Lieut. Gov. Gushing: "His death is a great loss. Gov. Long was a man with the most charming personality and with the most delightful sense of humor. His loss will be felt by all classes of the community. An excellent public servant and a most charming companion."

Ex-Mayor John F. Fitzgerald: "I served four years in congress with Mr. Long and I never knew a more genial or courteous man. He was absolutely nonpartisan in national matters and I never knew him to show any partisanship in his treatment of the people of his district or the state of Massachusetts."

"He was a lovable man and absolutely fair. It was while he was secretary of the navy that the Charles-town navy yard was opened up in its activities again."

"I saw a good deal of him during the Spanish war and fully understood all that he had to contend with both before and during the war. But he never wavered from what he considered the right. He was a great, big American."

Hon. Charles H. Allen, assistant secretary of the navy under Mr. Long: "Gov. Long represented a splendid type. A gentleman, a scholar, a statesman of practical capacity, sound, common sense and absolute integrity. His selection for public office, wherever called, as representative as governor of a great commonwealth, as secretary of the navy during a critical period, brought to his state and country conspicuous ability. His long life was one of usefulness and service and an inspiration to his countrymen."

George von L. Meyer, ex-secretary of the navy:

"The death of ex-Gov. John D. Long, Massachusetts lost one of its
